MACKMEN TAKE FOURTH GAME IN WORLD TITULAR SERIES

Chippewa Indian Came Back With Second Victory of the Week

Latter Inning Rally by Giants Not Strong Enough to Turn the Tide

DEMAREE OUSTED IN FIFTH

Six Hits and as Many Runs Were Athletic Dividends Off Al.—Marquard Finished in Fine Style.

Philadelphia, Oct. 10.—But one victory stands between the Philadelphia Athletics and the world's championship in baseball tonight, for the Mackmen defeated the New York Giants at Shibe Park this afternoon by a score of 6 to 5 in the fourth game of the titular series. Before the contest was clinched, however, 20,000 Quaker City fans suffered a period of anxious suspense that will keep the Giants' 11th hour batting rally green in their memory for some seasons to come. The game effort of the National League players to overtake their rivals in the closing innings of the game changed the entire complexion of the battle, lifting what appeared to be a one-sided match into a contest that hung in the balance until the last put-out.

Startled Bender.

The desperate but futile effort came like a bolt from a clear sky. "Chief" Bender, the Chippewa Indian of mysterious curve-break, had held the Giants runless for six innings, while his teammates by pile-driving hits, had scored as many runs at the expense of Demaree and Marquard. Already the fans that filled every seat in the stands and bleachers were exulting in the downfall of the club. There was not a single danger signal in sight. Suddenly the Giants became transformed from hitless weaklings to real Giants who hammered the speed and slants of the Indian twirler to all parts of the park.

Demaree received a warm welcome at the start, but it was not until the second inning that the first Athletic crossed the plate. McInnis opened with a Texas leaguer. Strunk sacrificed and Barry's double scored McInnis. The big blow came in the fourth. Strunk knocked Herzog over with a smashing single and Barry put him on third with another, taking second on Shafer's throw to third. Schang followed with a vicious liner past Doyle, scoring Strunk and Barry. He went on to second on the throw to the plate and to third a moment later on McLean's passed ball. Schang scored when Merkle fumbled Bender's grounder.

Lucky Seventh.

It was in the "Lucky Seventh" that the storm of hits burst upon the astonished Athletics and before they could recover three Giants had crossed the plate. The fusillade continued into the next session when two more scored and the team which was a few moments before apparently outclassed, was battering down the last defense of the Mackmen.

Merkle Did It.

Fred Merkle, whose injured ankle still caused him to limp perceptibly, was the player who was directly responsible for the breaking through the coat of whitewash that Bender was applying. With Burns and Murray on second and third as the result of two singles and a double steal and two out, Merkle caught one of Bender's low balls on the inside corner of the plate and lifted it far into left field center where neither Oldring nor Strunk could reach it. The sphere hit the green turf and hopped the fence into the bleachers. Merkle trotted home after his two teammates with the third run of the series, thus joining Baker and Schang in the realm of baseball immortals.

Spurred on by Merkle's example, Herzog, who had not made a hit in the series to date, opened the eighth with a single, only to be forced by Doyle, who was similarly eliminated by Fletcher. Burns came next with a double down the third base line, scoring Fletcher, and Shafer shot a triple past McInnis' post, tallying Burns.

Murray smashed a scorching drive at Collins, but the Columbia alumnus managed to hold the ball until he could steady and throw the runner out at first for the third out. Although McGraw sent in two pinch hitters to bat in the ninth, the Giants could not get over the run that would tie the score. Bender was now fully aware of the danger that beset him and pitched a ball that fairly whistled as it flashed and broke across the plate.

Thin Ice.

It was the narrowest kind of an escape. But for the equally heavy hitting of the Athletics in the fore part of the game and some brilliant displays of defensive tactics the Giants would now be on even terms with the Philadelphia standard bearers instead of trailing two games in the rear. The rally, however, has encouraged the men of McGraw to believe they may yet overtake the flying Athletics.

The Mackmen on the other hand, now well versed in the ability and resources of the Giants, are tonight doubly confident. When they drove Demaree from the box at the end of the fourth inning it marked the passing of every New York pitcher except the veteran Mathewson. In four games Marquard, Crandall, Tesreau and Demaree have fallen before the terrific hitting of the Athletics.

New Sluggers.

As if to show the versatility of the team, it was a new quartette of batters who bombarded Demaree from the mound this afternoon. In the first

AL. DEMAREE.

YUAN SHI KAI INAUGURATED

Chief of Police Arrested and Confessed He Had Been Bribed to Assassinate New President. Bombs Found.

Peking, Oct. 10.—Yuan Shi Kai was today inducted into office as first President of the Chinese Republic. The ceremony of inauguration was surrounded with Eastern brilliance attended by throngs of distinguished Chinese and foreign officials.

It took place in the interior of the Tai Ho palace in which many of the Ming and Ching emperors had been crowned.

The choice of the place of inauguration was an encroachment on the sacred precincts of the Emperor within the forbidden city. The southern half of this extensive enclosure was opened to the guests who traversed hall after hall and court after court toward the present residence of the dethroned Emperor.

The ceremony was enacted in the vast building called the Tai Ho-Tien, or hall of supreme peace, where the Emperor formerly observed New Year's greetings from the Manchu and suzerain princes.

The Chinese officials present wore garments of colored silks of many hues, but the members of the Chinese Parliament were dressed in Western frock coats and high hats which they had adopted as their official costume.

Yuan Shi Kai wore a blue military uniform. He read his declarations, which were tantamount to taking the oath of office, from the dragon dais of the Emperor over which Chinese flags have been draped.

Extensive precautions, both police and military, had been taken for several days as it was feared that some Chinese rebels who had cut off their ques might obtain access to the ceremony disguised as Japanese.

In spite of these precautions, it was discovered that the rebels had tainted the loyalty of the chief, Chen, of the Peking mounted police. He was arrested and confessed that he had been bribed to assassinate the President. A number of bombs were found in his residence.

President Yuan Shi Kai, in his inaugural address, avowed his intention of maintaining a firm and steady policy. "The first principal of a stable government," he said, "is a clear definition and promulgation of its legal systems, and the establishment and maintenance of public order."

The President admitted his preference for conservative rather than extreme radical methods. He assested his intention of introducing reforms one by one in present conditions in China.

Yuan Shi Kai then emphasized the need for capital and the necessity for education, especially of technical education in order to promote China's industrial resources.

CAROLINA SYNOD ADJOURNS

Adjourned After Morning Hour Yesterday to Meet Next at Hickory —Closing Hours of Great Meeting.

(By Mamie Bays.)

Greensboro, N. C., Oct. 10.—The Presbyterian Synod of North Carolina adjourned after the morning hour today to meet next at Hickory, on Tuesday, October 27th, 1914. The items of business remaining on the docket this morning were considered in rapid succession and dispersed of in most instances with little or no discussion.

Upon report of the nominating committee, Rev. D. I. Craig, D. D., of Reidsville, was elected stated clerk and treasurer for three years. Dr. Craig has sustained this relation to Synod for 15 years and is recognized as one of the most painstaking and efficient of clerks and treasurers in the Assembly. He is also stated clerk of Orange Presbytery, having held that position for 25 years.

The chairmen of the permanent committees of Synod were elected in the following order: Foreign Missions, Rev. J. M. Wells, D. D.; Synodical Home Missions, Rev. McG. Shields. Rev. R. F. Campbell, D. D., submitted the following:

"To the Synod of North Carolina:

"We, the undersigned, hereby respectfully overture the Synod to appoint an ad interim committee, consisting of three ministers and two ruling elders and to request the Synods of Virginia, Kentucky and Tennessee to appoint similar committees and that these committees be instructed by the Synods to meet jointly in order to confer and report as to the advisability of overturing the General Assembly to erect a new Synod in the Appalachian mountains for the more thorough and systematic prosecution of evangelization and Christian education and Christian education in that great home mission field now distributed among the four Synods. It is understood that this in no way commits either the Synod or the undersigned to this policy."

This is signed by nine of the leading members of Synod including Dr. Campbell and Rev. Dr. Wells, of Wilmington.

Further standing committees were nominated and elected as follows: Assembly Home Missions, Rev. Byron Clark, D. D.; Christian Education and Ministerial Relief, Rev. W. McC. White, D. D.; Publication and Sabbath School Work, Rev. R. E. Henderlite, D. D.; Bible Cause, Rev. E. L. Siler; Systematic Beneficence, Rev. Neal L. Anderson, D. D.; Religious Work Among Students of State Institutions, Rev. Melton Clark, D. D.; Synodical Schools and Colleges, Dr. W. J. Martin; Young People's Societies, Rev. A. M. Fairley; Woman's Societies, Rev. C. M. Richards, D. D.; Historical Committee, Rev. D. I. Craig, D. D.; President of the Board of Regents of the Orphans' Home, Rev. H. G. Hill, D. D.

A resolution was offered recommending that the Synod no longer require the stated clerk to record the minutes of the session with ink in a ledger as has been done during the last one hundred years, but simply that the minutes be carefully kept during the meeting of Synod and then be published on the best quality of paper and bound in a book, five copies to be published.

The following resolution was unanimously adopted in connection with the report on Christian Education:

"Resolved: That the Presbyterian Church in North Carolina does hereby through its Synod place itself on record as favoring the reading of the Bible in the State's educational system."

The report of the committee on Women's Societies showed the number of societies to be 361, members 8,604, contributed to foreign missions, $24,143.93; to Assembly's home missions, $7,363.41; to local home missions, $11,-

CHARLESTON CAMPAIGN.

Grand Jury Unable to Agree on Indictments from Solicitor.

Charleston, S. C., Oct. 10.—The grand jury today threw out 42 of the liquor indictments handed them on Wednesday, and in all probability, the balance of over 200 will take the same route to extinction. Foreman Devereoux said this afternoon that witnesses had been examined in all of the 42 cases rejected, and that the grand jury was deadlocked over the situation.

On Monday the presentments for the term will be made, and at that time a report on the disposition of the liquor indictments will be incorporated in the official document.

Milwaukee, Wis., Oct. 10.—Mrs. Agnes Havenor, owner of the Milwaukee American Association baseball team, today relinquished the presidency of that organization, and forced the election of A. F. Timme to succeed her. Mrs. Havenor still holds a controlling interest.

HOT DISCUSSION ON IN CONGRESS

Several Democrats Revolt With Closest Vote of Session the Result.

MANN TAKES SHOT AT WILSON

The Vote Came After Prolonged Debate in Which Many Democrats Bitterly Attacked Amendments—Quorum.

Washington, Oct. 10.—By the closest vote of the session, 111 to 106, the House late tonight voted to recede from its conferees' disagreement and to concur in the Senate amendment to the Urgent Deficiency Appropriation bill, which provides for the removal of deputy internal revenue collectors and deputy marshals from civil service regulations.

The vote came after a protracted debate in which many Democrats bitterly assailed the proposal.

The Democratic revolt was led by Representative Fitzgerald, of New York and 54 Democrats voted against concurrence. Other matters in disagreement, among them an appropriation of $7,000 for an automobile for the Vice President, will be taken up tomorrow.

The conferees, Representatives Fitzgerald, Bartlett and Gillett, reported disagreement on 15 of the 107 Senate amendments, including the section abolishing the Commerce Court, which would retain the judges of that court as judges of the district court and circuit court of appeals.

Before any vote had been taken on the amendment affecting the civil service, Minority Leader Mann declared that President Wilson had the authority without the amendment to remove such deputy officials from the civil service by executive order if he so desired. Mr. Mann here asserted that he believed the President has not the nerve to do it and wants to get express authority from Congress.

Throughout the day there was no quorum present, the bill having been referred to conference without a record vote, but a quorum was secured late tonight through the arrival of many members on late trains.

Washington, Oct. 10.—In another quorumless session the House today by unanimous consent debated the Urgent Deficiency bill, disagreed to the Senate amendments and sent the measure to conference without a record vote.

Speaker Clark named Representatives Bartlett, Fitzgerald and Gillett to represent the House. The Senate amendment removing deputy collectors of internal revenue and deputy marshals from civil service was vigorously assailed by the Republicans.

FIRE AT WALLACE.

Wallace, N. C., Oct. 10.—The extensive saw mill of the Norfolk Lumber Company here was completely destroyed by fire tonight between 11 and 12 o'clock. The origin of the fire and the exact losses cannot be ascertained tonight.

GREENSBORO MAN NAMED.

Will Assist With Collection of Income Tax—Postoffice Examination.

(Special Star Telegram.)

Washington, D. C., Oct. 10.—Commissioner of Internal Revenue Osborne today appointed S. H. Boyd, of Greensboro, revenue agent to collect the income tax. It is one of the best and most responsible positions under the new law. Mr. Boyd was selected because of his known ability to handle the work. Commissioner Osborne has wired Boyd to come to Washington and upon his arrival here he will be named a member of the commission appointed to draft regulations for the government of the new tax collections.

Robert L. Lassiter, of Oxford, now private secretary to Commissioner Osborne, is also a member of the commission. He represents the commissioner in the work.

A postoffice inspector has been ordered to Hammers, Harnett county, to make an investigation with a view to holding examinations for the postmastership at that place. P. R. A.

OUTLINES

The fate of Governor Sulzer is in the hands of his judges, and will very likely be made public Monday night.

The Chief of Police of Peking was arrested just before the inauguration of the new President of China, and confessed that he had been hired to kill Yuan Shi Kai.

President Wilson wrote to Representative Clayton, of Alabama, asking that he would not run for the Senate, stating that he was needed more in Congress as chairman of Judiciary Committee.

By the closing of a telegraph key in Washington yesterday, President Wilson was instrumental in originating a spark that traveled four thousand miles over land and under water to Panama, where it touched off the large charges of dynamite under the Gamboa Dike.

New York Markets: Flour, quiet. Wheat, firm; No. 1, Northern Duluth, 96. Corn, firm; exports, 79 1-4. Turpentine, easy. Rosin, steady. Money on call, firm, at 3@3 3-4; ruling rate, 3 3-4; closing, 3 1-4@3 1-2. Spot cotton, quiet; middling, 13.10; gulf, 13.90; sales, 290 bales.

SULZER'S FATE IS WITH HIS JUDGES

Court Adjourned Until Monday Afternoon, When the Vote Will be Taken.

OPEN SESSION DURING VOTING

Final Argument Was Delivered Yesterday Afternoon Before the High Court of Impeachment—Several Questions.

Albany, N. Y., Oct. 10.—Governor William Sulzer's fate tonight rests with his judges. The final arguments of the counsel for and against him were delivered today before the high court of impeachment.

Immediately thereafter the court adjourned until next Monday afternoon at 2:30 o'clock.

Upon reconvening the court will decide upon its plan of balloting whether it shall be done in open or executive session and then take up the constitutional objections to the impeachment charges that have been raised by counsel for the Governor. If the judges hold adversely in whole or in part to the contentions of Sulzer's counsel, a vote on his guilt or innocence will follow.

The next question to be decided will be whether he should be removed from office. Should this be decided affirmatively the judges then will vote on whether additional punishment other than disqualification from ever holding public office in this State again shall be meted out to him.

A decision of his fitness to continue in office will be reached Monday night, it is generally believed.

Demand Open Session.

Popular demand is for an open session of the court.

No record has been kept of the proceedings of the few executive sessions which have been held and this has aroused much criticism.

The decision to adjourn until Monday was not reached without objection. Judge Werner, however, called attention to the danger of the court remaining in session and subjecting itself to the criticism of "railroading a case." and pleaded for an adjournment until then.

As a compromise it was agreed to extend the usual Friday session an hour and a half and permit Attorney Edgar T. Brackett, who was waiting

(Continued on Page Eight.)

Mexican Deputies Are Put in Jail

Mexico City, Oct. 10.—One hundred and ten members of the Chamber of Deputies who had signed resolutions of warning to President Huerta as the result of the disappearance of Dr. Belisro Dominguez, Senator for Chiapas, last night, were arrested tonight and lodged in the penitentiary.

Five other deputies who signed the resolution were absent tonight when the cordon of troops was thrown about the executive building and several hundred soldiers invaded the chamber. The arrests followed a demand by President Huerta that the chamber withdraw the resolution which carried the threat that the Deputies would abandon the capital owing to an alleged lack of guarantees for their personal safety.

Senator Dominguez early in the month made a speech in the Senate violently attacking Huerta, saying that not only had nothing been done during Huerta's regime toward the pacification of the country, but that the present situation in the republic was infinitely worse than before.

He added that the situation was due first and foremost to the fact that Mexican people could not resign themselves to be governed by Huerta.

Before the hour for the regular opening of the session of the Chamber at 4 o'clock this afternoon the basement and roof of the building had been packed with troops. Scores of police were scattered through the gallery.

When the arrests were made a few of the leaders were placed in automobiles while the other deputies were taken to the penitentiary in street cars. Meanwhile similar demands to recant had been made upon members of the Senate who had concurred in the Chamber's resolution. A committee of Senators called on President Huerta and signified their willingness to comply with his demands. Later the Senators formally withdrew this action.

In anticipation of possible trouble heavy patrols of troops are on the streets tonight. The rapid fire guns which were posted in the interior courts of the palace in February are again in place, and quantities of ammunition are at hand.

KILLED HIGHWAYMAN.

Negro Shot and Killed in Richmond, Va., by Publisher.

Richmond, Va., Oct. 10.—While returning home with his wife late tonight from the State Fair, Robert O. Bell, president of a local publishing company, shot and killed a negro highwayman, who held him up and demanded his money. The negro who was later identified at Otto Brown, grappled with Bell for a moment. With Brown's fingers in his throat, Bell managed to draw his revolver and fired five times.

The county police placed Bell under arrest after permitting him to escort his wife to their home. He was released later on a nominal bond.

"THERE IT IS OVER GAMBOA IS BUSTED"

President Wilson Touches Button and Blows Up Dike 4,000 Miles Away.

CANAL ALMOST COMPLETED

No Ceremony in Washington Other Than Rejoicing—Explosion by Long Distance Extraordinary Feat.

Washington, Oct. 10.—The momentary touch of a key by the President of the United States today sent a flash of electricty through a continuous telegraph and cable connection of 4,000 miles, setting off a gigantic blast of dynamite which exploded the Gamboa dike, the last of the great physical barriers to water communication in the Panama canal.

It was an extraordinary feat of telegraphy, especially planned for the occasion. At precisely 2 o'clock this afternoon President Wilson by simply closing a telegraph key at the White House sent the current over land and under seas. Just a few seconds later came the message informing him that the explosion had been successful.

While celebrations on the Pacific were numerous, there was no ceremony in Washington, it being the wish of Col. Goethals that the government await the actual opening of the canal. Besides the wreckage of the Gamboa dike there are two earth slides to be cleared away before boats can pass from ocean to ocean.

The special circuit had been set up early in the day. A few minutes before 2 o'clock Chief Operator E. W. Smither, at the White House, talked to Galveston, Texas.

"Is the cable ready?" he inquired.

President a Minute Man.

"Yes," same the answer and soon Galveston announced that "Pa", the telegraph call of Panama City was heard. By agreement the operator at the White House made four distinct dots at 20 seconds before 2 o'clock. This gave the signal for the engineers at the Gamboa dike to be in readiness for the flash. They waited 20 seconds and on the dot, President Wilson closed the key which sent the current into the dynamite apparatus.

"There it is all over," smiled the President. "Gamboa is busted."

The President sent Col. Goethals, engineer of the canal, a brief message of congratulations and turned to those

(Continued on Page Three.)

President Wilson Writes to Clayton

Washington, Oct. 10.—President Wilson today wrote a personal letter to Representative Henry D. Clayton, of Alabama, who is a candidate for the Senate, telling him that it was indispensable to the carrying out of the Democratic party's anti-trust programme to have him remain in the House as chairman of the Judiciary Committee.

Representative Clayton tonight issued the following statement:

"Recognizing the President as the head of the party, I do not see how I can refuse to accede to his expressed wishes. I will, however, make a formal reply to the President's letter in a day or two."

Mr. Clayton told friends tonight that he would withdraw from the Senatorial race. He was appointed by Governor O'Neal to fill the unexpired term of the late Senator Johnston. His credentials were held up, however, through the failure of the Legislature to provide proper electoral machinery.

"I foresee," wrote the President, "the chief responsibilities of the next session will lay with the committee on the judiciary, of which you are chairman. Our work cannot be finished in a single session. If I dared I would beg you to remain in the House."

Mr. Clayton's withdrawal would leave the Senatorial race to be decided between Representative Underwood and Representative Hobson.

The President's letter to Mr. Clayton follows:

"My dear Mr. Clayton:

"I am a great deal concerned at the thought of losing you from the working force of the House of Representatives. As the chief direction of affairs in the present session has lain with the Committee on Ways and Means and the Committee on Banking and Currency, I foresee the chief responsibilities of the next session will lie with the Committee on the Judiciary, of which you are chairman. I was looking forward with great satisfaction to working with you and having your experience, counsel and assistance in the work that is before us. It seems to me indeed indispensable in the carrying out of our party's programme. I do not deem myself at liberty to suggest to you anything that would interfere with your personal plans and I feel rather selfish in saying what I am saying, but I consider it a matter of more public duty on my part to say how earnestly I have desired that I might have your aid and counsel as chairman of the Judiciary Committee during the next session in the next Congress. Our work cannot be finished in a single session. If I accomplish nothing more by this than giving myself the pleasure of letting you know my personal estimate of you, I shall at any rate have discharged my conscience in the matter and said what was really in my mind and heart. If I dared, I would beg you to remain in the House."

BEGINNING OF END IN LEGISLATURE

House Puts the Senate on Notice That it is Ready to Adjourn.

THE INSURANCE INVESTIGATION

Commission to be Appointed—Intra-State Rate Bill Emasculated and Passed—Day Sessions of Both Branches.

(Special Star Telegram.)

Raleigh, N. C., Oct. 10.—The principal feature of a short session of the lower House of the General Assembly tonight was the adoption of a resolution by Representative Stewart, setting out that the House has pracically finished all its business and is ready to adjourn tomorrow (Saturday) and that it is doubtful if a quorum can be had after tomorrow. The resolution was sent to the Senate for its information.

The House passed bills as follows: Establish stock law for Pender and Lenoir counties; amend the law as to courts in Rockingham county; amend act as to Recorder's court in Mount Airy; authorize stock law election in Jones county; resolution for clerks of the Legislature to receive $1 per day extra since they have to remain here a week or more without pay rounding up their work; amend the law as to probates of building and loan associations; amend the law as to condemnation of land for school sites; enable the Department of Agriculture to manufacture material to inoculate leguminous crops; create rural life conditions commission.

Amendments Finally Passed.

The Senate this afternoon completed its work of adopting the various constitutional amendment proposals by the final adoption of all the sections of the revenue and taxation proposal that had been left over. Section 5 was amended in accordance with an amendment by the House to make the tax levy 66 2-3 cents instead of 50 cents and the ad valorem tax $1 instead of 75 cents; also Section 6 was amended to make the poll tax $2 State and county and $2 city in accordance with the House amendment. Then the proposals as a whole were adopted.

Fire Insurance Investigation.

The Senate tonight passed the House bill for the creation of a commission of five, three from the House and two from the Senate, to investigate the conduct of fire insurance companies in this State.

The appointments will be made by the president of the Senate and speaker of the House. First the Senate bill was reported with recommendation from the majority of the committee that the Governor appoint a commission of three to make the investigation. There was some discussion after the Senate voted to adopt the minority report for the five members to be appointed by the presiding officers. Then the House bill was offered as a substitute for the whole matter by Senator Nimocks, in charge of the bill, and it was passed without opposition and the bill ordered enrolled for ratification.

Intra-State Rates.

The House bill to prescribe intra-State freight rates, the Justice bill, embodying the Minnesota rates, with some modifications to suit conditions in this State, came up as a special order at 9 o'clock.

Another Railroad Surrender.

Senator Hobgood was in charge of the bill and yielded the floor to Senator Bryant, who sent forward an amendment to be known as Section 4-A that provided that if one or more of the common carriers represent to the State authorities that the rates prescribed are or would be confiscatory or unreasonable, the Governor shall appoint a special commission of three members to investigate and report to the Governor within 60 days and in the meantime the application of the rates be suspended, the commission so appointed for this temporary service to raise or lower the rates as they may find necessary and report the changes to the Corporation Commission to be put into effect. Another clause to the amendment carried an appropriation of $10,000 for the expenses of the special commission provided for.

Senator Hobgood said this amendment was acceptable to him and to Mr. Justice, as was also an amendment by Senator Ward to exempt from the operation of the bill for three years any roads that had extended as much as 25 miles and linked up other lines in making a system for railway service, applying especially to the Norfolk Southern. There were amendments by Senator Phillips and Senator Little, of Wake, making short line exemptions of roads of less than 100 miles instead of 75 miles or less, as the bill provides, which were not acceptable to those in charge of the bill.

The argument of the bill continued until 11:30. Senator Gilliam insisted that there was no reason for the provision for special commissions to investigate the reasonableness of rates as they apply to the various roads that may complain. The Corporation Commission should be lef to discharge this duty.

Senator Hobgood insisted that the special commission should be provided for.

Senator Ward offered an amendment that would cut out Section 9, as to the operation of the long and short haul clause.

He opposed the bill as unfair and feared its operation might be to bankrupt some of the roads before they could prove their case. The previous question was called.

The Little amendment was defeated. The Phillips amendment was with-

(Continued on Page Three.)

MACKMEN TAKE FOURTH GAME IN WORLD SERIES

(Concluded from Page One.)

three games Murphy, Oldring, Collins and Baker did the brunt of the stick work. It was the lower half of the batting order that sprang into the breach when the leaders faltered today. Seven of the nine hits recorded off the Giant twirlers were made by McInnis, Strunk, Barry and Schang. This quartette also scored all the runs that were credited to the Mackmen. Of the upper half only Oldring was able to get his bat to the ball safely.

It was not alone by batting the Athletics won, for both their fielding and steady pitching were factors that helped to bring victory. The Indian twirler was at the top of his form in the seventh and eighth innings. He gave but one base on balls and hit one batter. The Giants garnered but two hits off his delivery until the seventh and their total was eight. The Red Man fanned five.

For the Giants Burns made two hits, one a double, while Larry McLean singled twice in twice at bat.

The game was played under the most favorable weather conditions of the series to date, the sun frequently shining through rifts of clouds and upon a field comparatively dry and fast.

Today's game was the last in which the players participate in the receipts. According to the unofficial figures, there will be distributed among the players $135,163.89. The winners will receive 60 per cent of this total and the losers 40 per cent. The National Commission announced that 25 players on each team were eligible to play in the series, therefore each man on the winning side will receive $3,244. and each member on the losing team $2,162.

The attendance today was 20,568. and the receipts $49,645. The total figures for the four days are as follows:

Attendance	114.318
Receipts	$250,303.50
National Commission	25,030.35
Players	135,163.89
Each Club	45,054.63

The Details.

Snodgrass, first up for New York, raised a high foul which Baker gathered in without effort. Doyle sent up a long high fly to Strunk. Fletcher retired the side by grounding to Barry who threw him out at first.

Oldring's First Hit.

Murphy started Philadelphia's half by raising a fly to deep right center and was out when Snodgrass made a fine catch despite his limp. Oldring, who has hit safely the first time up in all the present world's series games, cut loose again and sent a terrific drive down the right field foul line for three bases.

Collins chopped a grounder down to Merkle who scooped up the ball and made a lightning throw to McLean to catch Oldring. The play at the plate was close and Umpire Egan called Oldring out, at which the latter fired up and protested vigorously. Then came a daring play which upset the New York infield for a moment. While Demaree was watching McLean signaling for the next ball, Collins made a dash for second. The young pitcher shot the ball to Merkle, who threw to the middle bag too late to arrest the play. Baker raised a high fly to Shafer.

Burns opened the second inning for the National Leaguers by flying out to Murphy. Shafer fell a victim to strikes. Murray reached first base when Bender hit him on the arm. McLean hit a slashing single to right in which Murray sprinted to third. Merkle sent up a high foul which McInnis caught.

The Scoring.

In Philadelphia's half of the second, Snodgrass on account of his "Charley horse" could not reach McInnis' Texas leaguer and the runner was safe at first. Strunk sacrificed, Demaree to Markle, advancing McInnis to second. After Merkle had dropped Barry's high foul fly the Philadelphia shortstop shot a solid drive down the left field line for two bases, on which McInnis scored. Barry complained to the umpires that Merkle interfered with him in rounding first base, but the arbitrators paid no attention to it. Schang drew a base on balls. Bender sent a high fly to Burns and Murphy lifted one to Snodgrass.

Demaree was warmly welcomed by the fans as he stepped to the plate. He sent a long fly to Murphy, who had to do a little sprinting to get it. Snodgrass bunted and was easily out at first, Bender to McInnis. Doyle raised a fly to Strunk.

Snodgrass Ejected.

Manager McGraw then took Snodgrass out of the game, sending Shafer to center field and Herzog to third base. Oldring was an easy out on his grounder, Demaree to Merkle. Collins lifted a fly to Burns and Baker went out, Doyle to Merkle.

The Giants were quickly retired in the first half of the fourth. Fletcher protested against Egan's calling of a strike and he and the umpire argued for a moment. Fletcher flied out to Collins. Burns went out on a high fly to Baker and Shafer struck out on one of Bender's swift in-shoots.

Athletic Jubilee.

The Athletics' big inning came next. McInnis grounded out, Doyle to Merkle. Strunk crashed a hit down to Herzog who could not field the ball in time to catch the flying centerfielder. Strunk rushed to third on Barry's smash for a single to center, the latter going down to second on a throw to third to head off Strunk. Then Schang came through with a timely drive for one base on which both Strunk and Barry flashed across the plate. Shafer tried to catch Barry at the home base and on the throw in Schang went to second. A passed ball enabled Schang to sprint to third and he scored when Merkle fumbled Bender's grounder. Murphy flied out to Dayle. Oldring got his second hit by singling to center. Bender was held at second. Collins chopped a short grounder in front of the plate and McLean threw him out.

McCormick Robbed.

Opening the fifth inning Murray wen to third. Manager McGraw let Cooper run for McLean. Merkle struck out, and McCormick, the pinch hitter, came to the plate to bat for Demaree. He caught one of Bender's fast ones and shot it like a bullet to short left field. Oldring caught the ball a few inches off the ground while running at almost top speed. Murray was held on third and Cooper on first. It was one of the best plays of the series. With Herzog up, Cooper tried to steal. Schang feinted to throw to third to drive Murray back and quickly made an accurate throw to Collins who touched Cooper out coming into the bag. Murray stood at third watching the play. It was pretty work on the part of Schang.

Two More Tallies.

The American League champions added two more runs in their half of the inning off Marquard, who replaced Demaree. Wilson went in to catch. Baker struck out, and McInnis got out, Marquard to Merkle. Strunk got a base on balls and reached third on Barry's second two-bagger to left field. The two runners came home when Schang hit to center for a single. Bender struck out. Both sides were quickly retired in the sixth. Herzog was the first New Yorker out, Barry to McInnis. Doyle struck out and Fletcher lifted a fly to Strunk.

Murphy opened for Philadelphia with a bounder to Doyle and was thrown out. Oldring missed a third strike and Wilson, dropping the ball, threw him out at first. Collins flied to Fletcher.

Giants' Inning.

Burns started New York's big seventh with a single, Bender batting down the ball, but being unable to field it. Shafer sent up a high fly to Collins. Murray shot a single into left field and Burns was held on second.

Merkle's Homer.

Wilson fanned. Burns and Murphy made a double steal. Then came Merkle's home run, scoring Burns and Murray ahead of him. The ball traveled fast to left center, struck the ground several feet in front of the center field bleachers and bounded in the stand. Marquard ended the inning by hitting a weak grounder to Bender who threw him out.

The Athletics swung their bats hard against Marquard's pitching in their half of the seventh, but they went out in order. Baker flied to Herzog. McInnis lifted a foul fly which Herzog also gathered in and Doyle threw out Strunk at first.

Herzog Started.

Herzog opened the eighth with a single to left and was forced at second when Collins grabbed Doyle's grounder and threw to Barry. Fletcher forced Doyle at second. Bender to Barry. Burns hit to the extreme left field corner of the grounds for two bases and Fletcher raced home with New York's fourth run. Shafer promptly sent a hot three base hit down to the extreme right field corner, scoring Burns. Murray sent a grounder to Collins and was out at first.

The Athletics again went at Marquard viciously, but the left hander held them safe. Barry sent out a long fly to Murray. Schang was given a base on balls. Bender flied to Murray and Murphy hit straight to Doyle, who stepped over to second, forcing out Schang.

Crandall Failed.

Crandall, New York's hard-hitting pitcher, went in to bat for Wilson in New York's ninth and grounded out, Collins to McInnis. Merkle made a mighty effort to get in another long hit, but Murphy was under his fly for an out in deep right field. Grant, sent in to bat for Marquard, fouled out to Schang and the game was over.

Giants Get Home.

New York, Oct. 10.—The New York Giants arrived here tolight from Philadelphia. They were greeted with a quieter demonstration than the one they met with on their arrival home after Wednesday's victory over the Athletics. A friendly crowd of several hundred fans shouted words of hope and encouragement, however, the prevailing good nature of the welcoming delegation bringing smiles to the Giants' faces, despite the defeat today. The players went to their homes to rest for tomorrow's contest here.

THE OFFICIAL BOX SCORE:

Philadelphia:	AB.	R.	H.	PO.	A.	E.
E. Murphy, rf	5	0	0	3	0	0

(Continued on Page Three.)

Notable Plays Snapped in Wednesday's Game.

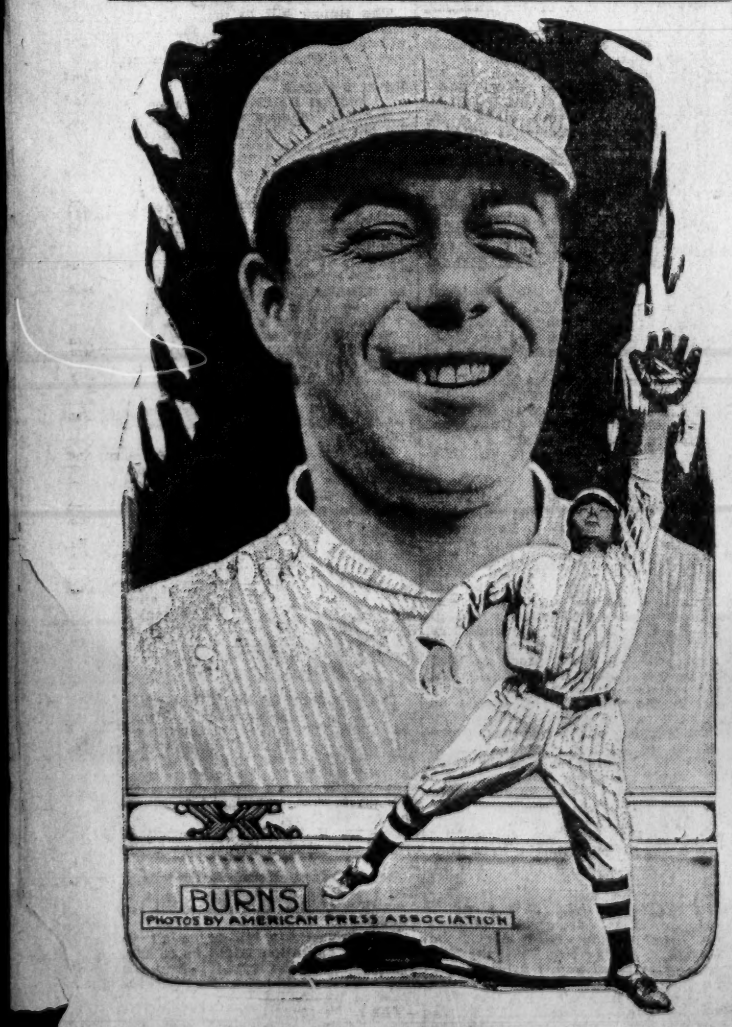

This photograph, taken in the first half of the fourth inning, shows Eddie Collins putting the ball on Shafer for an out when Shafer attempted to steal second after beating out an infield hit to Baker. The perfect throw by Lapp cut him off a foot from the bag.

Collins safe at second in the eighth after he had gotten his first hit of the game—a long single to left. Baker followed with a single to left. Burns made a quick return of the ball to Fletcher, who is here shown putting the ball on Collins, too late for a putout.

STARTED THE SLUGGING FOR GIANTS.

"IF MAC HAD STARTED ME WOULD HAVE TRIMMED 'EM"

The Rube Says He Had the Stuff, and Knew the Batters.

"GIANTS HAVE CHANCE YET"

Says Demaree Lacked Confidence and Was Not on to the Batters—"Athletics Are a Smart Bunch."

BY "RUBE" MARQUARD.
Star Giant Twirler.

If McGraw had started me I'd have trimmed the Athletics. Nothing to it. I faded this Baker, striking him out on a fast one outside. I made a couple of mistakes in the four innings I worked and they made two runs off me, but they would not have scored any more in nine innings. I was right. I had the stuff and I knew the batters. That's where Demare e fell down.

No manager can tell a pitcher how to pitch. McGraw went over to Philadelphia and watched these Athletics and he saw what they were weak and strong on. He told us, but if a pitcher does not learn these things for himself he cannot follow out. I got my lessons in that first game; I shivered slightly today but I had absolute confidence.

"Warm up, 'Rube,'" said McGraw, "I'm going to give you another chance."

Well, I beat it out there and I was thrilled through and through that McGraw had this confidence in me. You didn't see me kicking the dirt off my heels in this game or winding up as though I felt nervous. I took my time and I had these fellows going, excepting, as I said, for a couple of breaks, of which I will make mention shortly.

"Athletics Smart Bunch."

Not to be too cocksure on this series I want to say that I never saw a smarter bunch of hitters than the Athletics. They don't take any chances on a pitcher slipping over a fast ball, and that's where they made us look bad. The Indian poked over a strike on every one of our hitters, the first ball pitched. We let it go by. Then he had the batter in a hole and he had something to work on.

"Al. Lacked Confidence."

Demaree was not exactly nervous but he did not have the same confidence I had, simply because I had faced the Athletics recently. It was just the same as meeting a club that you had been pitching against all season, and if our team was not so crippled I feel certain that we could beat the American League champions in a long series. As it is now, with Meyers, Merkle and Snodgrass crippled we sure have a battle ahead of us. These fellows have five men hitting 500 and we only have one player in that class, Meyers, and he's out of the game. Where we should win is in pitching and there is a chance yet, take it from me.

"A Chance Yet."

The Giants are going to hit some before this series is over and I look for some good blows tomorrow, when Matty will meet either Shawkey or Brown. Bender will probably get in another game, and if he does we will beat him. We will trim Plank, too, if he starts. I'll say this, the Indian is a wonder. He didn't have as much today as in the first game, and he won simply with his brain. By the way, I see that Bender and Bush both came from the same town in Minnesota, and this Houck was born only about 20 miles away. These aborigines, as they call them, are pretty good pitchers.

Respects to Egan.

Demaree got in Dutch at the start by giving Rube Oldring a high, fast ball when he should have worked him on a slow one or a curve. Oldring pickel done for three bases. Oldring was nailed at the plate on Collins' tap, luckily, and the decision was close. Egan had the say, and the National League players do not think a great deal of his umpiring. Collins then stole and I only mention it to bring up a defect in Demaree's pitching. He is good one day and bad the next. I knew he was sweet on a fast ball and I should have kept it away from him, but when Wilson signed for a hopper I let go. I should have shook my head and fed him a slow one, and that's where I made my prime mistake. It would have even been better to pass him as I see it now, but I felt at the time that if I crowded the bases and then Bender came in and got a hit I would be blamed just the same. Barring these two mistakes, I pitched the kind of ball that will beat the Athletics and I only hope the series goes far enough for me to get in there again.

HOME RUN FAMILY.

FRED MERKLE.

CARDS WON.

Took Second Game from the Browns Yesterday.

St. Louis, Oct. 10.—The Nationals by timely hitting in the seventh mixed with an error, won 4 to 1 the second game with the local American Leaguers today to decide the city championship. The game was called at the end of the seventh inning because of darkness.

Nationals	000 010 3—4	6	0
Americans	000 000 1—1	8	2

Perritt and Wingo; Baumgardner and Agnew. Time 1:30. Umpires, Brennan and Hildebrand.

CUBS TAKE THIRD.

Another Game in City Championship Series.

Chicago, Oct. 10.—Bert Humphries' brilliant pitching and a terrific onslaught on Jim Scott's offerings in the sixth and seventh innings today gave the Chicago Nationals the lead in the city championship series, the third game going to the Cubs 8 to 0.

Americans	000 000 000—0	4	5
Nationals	000 003 50*—8	10	0

Scott, Lathrop and Schalk; Humphries and Archer. Time 1:58. Umpires, O'Day, Sheridan, Orth, O'Loughlin.

FOOTBALL GAMES OF NOTE.

Interest of Central States Around Three Games.

Chicago, Oct. 10.—Missouri's struggle with Illinois at Urbana, Ill., and the Purdue-Northwestern game at La-Fayette, Ind., will divide the interest of football followers in the Central States tomorrow. Missouri's tigers are expected to make more than good showing. Tomorrow's important games include: Ohio State vs. Cincinnati at Cincinnati; Washington University vs. Kansas at Lawrence.

Russellville, Mo., Oct. 10.—William Assman, of St. Louis, pilot, and Joseph O'Reilly, his aide, who sailed from San Antonio, Texas, in the balloon Million Population Club, of St. Louis, last night, in an effort to lift the Lahm cup for long distance flights landed two miles north of here tonight. The distance sailed by the balloon was 725 miles, 447 miles less than the record.

DAY'S DOINGS IN RALEIGH

Pardon to Madison County Man—Mr. Young to Philadelphia—Goldsboro and Durham Enterprise Chartered—Rates.

(Special Star Correspondence.)

Raleigh, N. C., Oct. 10.—Governor Craig granted a pardon today for James B. House, of Madison county, serving a sentence of one year on the roads since February for selling whiskey. The pardon is conditioned on good behavior and is on account of the crippled condition of the young man, who is totally unable to work. He has been in prison more than 12 months, counting his imprisonment before conviction.

Commissioner of Insurance James R. Young has gone to Philadelphia to attend the annual session of the Fire Marshals' Association of North America, of which he is a member. He is to deliver an address Saturday on inspection work for the prevention of fires. He will stress especially the duties of inspection by the State, the local authorities and by the representatives of the insurance companies, three methods of inspection in force in North Carolina.

Two new corporations were chartered today. The Bromalgine Co., of Goldsboro, capital $100,000 authorized and $1,300 subscribed for drug and chemical business, wholesale and retail. The incorporators are P. L. Borden, Leslie Weil and others.

The North State Knitting Mills, Inc., Durham, capital $24,000 authorized and $4,000 subscribed by J. S. Carr, Jr., C. McD. Carr, W. F. Carr and W. J. Berry for a general knitting mill business.

The most serious pickpocket loss incident to the immense crowds here yesterday and last night for the circus was that of J. B. C. Hokett, of Johnson county, who reports to the police the loss of $32 that was lifted from his pockets while he was boarding a street car at the intersection of Martin and Fayetteville streets. Just a minute or two before the money was stolen he had taken the roll from his pocket in search of some change and he thinks the pickpocket spotted him then as a possible victim.

"THERE, IT IS OVER: GAMBOA IS BUSTED"

(Continued from Page One.)

about him happy in the thrill of the moment—for it brought anticipation of the final step that will open to the world a short waterway between the Atlantic and the Pacific—the dream of centuries.

While the scene at the White House was a happy one, at Johns Hopkins hospital, 40 miles away there lay at the point of death the man who would have given still more to witness the destruction of Gamboa dike. It was Lieut. Col. David DuB. Gaillard, the engineer who directed the excavation of Culebra cut, one end of which was blocked by the Gamboa dike. Col. Gaillard is suffering from a general breakdown as a result of his long labors in the Canal Zone.

Engineers now are looking forward for the final dredging of the great ditch with the hope that light draft vessels used by the diggers will be able to pass through the entire canal in a few weeks.

Panama Rejoices.

Panama, Oct., 10.—The Gamboa dike, the last artificial barrier to actual communication between the Atlantic and Pacific oceans by way of the Panama canal, was rent in twain by the hand of President Woodrow Wilson at 2:02 o'clock this afternoon. Between three and four thousand persons from various sections of the canal zone journeyed to the scene to witness the destruction of the barrier. Complete demolition of the dike today was not carried out because of the fear that the concussion might damage the railroad trestle crossing the cut near San Miguel locks. The two remaining sections will be dynamited later. The spectators lined the banks of the cut, occupying every available vantage point. As the hour approached when President Wilson would press the button to explode the numerous charges of dynamite in the dike a hush of expectancy fell over all. Then suddenly came the muffled roar of the discharge of 1,600 pounds of dynamite which sent a shower of water, mud and rock high into the air. It was considered among dynamite experts as a remarkably clean explosion. A section of the dike 60 feet wide was lifted bodily from its bed and its component parts scattered far and wide.

Water Pours Through.

As water began to pour through the rent made by the explosion whistles were tied down and the crowd sent up a great cheer.

All the heads of the canal departments were present for the epoch-making event. It was Colonel Goethal's day and the chairman of the Panama Commission was the recipient of a shower of congratulations. The first boat to enter the cut from the lake was a native canoe manned by two Americans. If the water covering the rent is deep enough a dredge will be passed through into the cut next Monday.

The Cucaracha slide, that huge moving mass of rock and earth covering acres in extent, is now the only barrier in the way of the passage of a vessel from ocean to ocean.

WILL NOT RUSH BILL.

Democratic Leaders and President Wait Patiently.

Washington, Oct. 10.—Conservative expressions by Democrats known to be in close sympathy with the administration today led to the general belief that the path of the currency bill has been smoothed out, at least for a time. Apparently there is to be no attempt to hurry the Senate unduly in its work unless conditions should develop in the Banking and Currency committee that threaten to defeat or greatly delay legislation.

While President Wilson wants early action on the Glass bill, close friends of the administration are making it clear now that they do not draw an arbitrary line at December 1st, as the date for its passage.

Senator Hoke Smith, of Georgia, today said the passage of the bill in January would be as much an administration victory as its enactment in November, and the same view is held by many other Senate Democrats.

BEGINNING OF END IN LEGISLATURE

(Continued from Page One.)

drawn. Ward's amendment as to the long and short clause was defeated. Ward's amendment exempting roads that have built 25 miles of road within a year in linking lines was adopted over the protest of Senator Jones, who charges it was exempting the Norfolk Southern, as it was admitted to do.

Senator Bryant's amendment for appointing a special commission to investigate when the roads present cases as to unreasonableness of the rates, and providing $1,000 for expenses of the commission, passed, 39 to 6. Then the bill passed second reading by a similar vote.

Bryant offered another amendment, on third reading, providing for more than 60 days' time for investigation of a specific case where the special commission deemed additional time necessary. This was adopted.

Senator Jones objected to final reading. The rules were suspended, and the bill passed and was ordered sent to the House for concurrence in the amendments.

Raleigh, N. C., Oct. 10.—The Senate spent much time today on the 11th proposal to amend the constitution as to the taxation system for the State.

There was debate especially over the clause of the proposal that reads: "The General Assembly may, consistent with natural justice and equity, classify subjects of taxation and all taxes shall be uniform upon the same class of property within the territorial limits of the authority levying the tax," provided that no income shall be taxed when the property from which the income is derived is taxed; and consistent with natural justice and equity, the General Assembly may separate subjects of taxation for State and local purposes."

Senator Mason offered an amendment to strike out the proviso that no income be taxed when the property from which the income is derived is taxed. The income from real property should be more taxed he insisted than that earned by one's intelligence, energy and industry. He opposed the proposed method of separating the property for taxation. Senator Ward argued for the pending proposal. Senator Ivie and Senator Grant, both of whom were members of the Constitutional Amendment Commission, argued for the proposal.

Senator Daniel offered an amendment to strike out all the paragraphs under discussion except that providing for separation of property for State and local taxation.

Senator Peebles proposed to put separately the questions of classification, exemptions and incomes from property taxed and segregation. He offered an amendment embodying this idea.

The discussion went on for two hours with principal speeches for the paragraph by Senators Grant, Ward, Gilliam, Council and others and against it by Senators Phillips, Evans, of Pitt; and others.

In the end all proposed amendments were voted down and the paragraph was adopted by a vote of 29 to 10.

Proposal 12 to substitute "war between the States" for "rebellion" wherever it occurs in the constitution was adopted without discussion.

Proposal 13 was adopted. This provides that no corporation shall be chartered nor its charter extended altered or amended by special act of the Legislature except corporations for charitable, educational, penal or reformatory purposes, but the General Assembly shall provide general laws for chartering and organizing all corporations and for amending, extending and forfeiting charters and the General Assembly shall have power to repeal the charter of any corporation by special act.

Proposal 14, making the public school terms six months was adopted.

The machinery for ratifying the amendment proposals at the polls was adopted without change and almost without discussion.

Among bills passed final reading were: Empower the police of Washington to make arrests for violations of ordinances, as they do for violations of State laws; provide stock law for Pender county; authorize bond issue for Bladen county.

The Senate voted down a bill by Senator Evans, of Bladen, to require the State treasurer to pay to the management of the State's prison $1 per day for each convict furnished to railroad enterprises and other projects.

The House today practically marked time while the Senate waded through the proposed amendments to the constitution.

After refusing to exempt any county from its provisions, the House passed the bill to give Superior Courts concurrent jurisdiction with the courts of recorders and police justices when these courts fail to try offenses against the law. Superior Courts, however, may not take up the cases until after 90 days, this provision suggested by Mr. Weatherspoon, being intended to give inferior courts ample time to prosecute.

A bill to protect the public at motion picture shows passed to apply to Wake, New Hanover, Carteret, Perquimans, Vance and Buncombe counties. It would cause all picture shows hereafter erected to provide fireproof booths for the operators.

A bill to authorize a second sale of real estate under foreclosure of mortgage, so that the mortgager might avail himself of an opportunity to get the first bid raised, was passed without discussion. Among bills passed were: Appoint an additional State bank examiner. The revenue act was amended so that the auditor will settle with sheriffs, as formerly.

THE KENTUCKY RACES.

Ross B Defeats Anvil in Free-ofr-All Good Races.

Lexington, Ky., Oct. 10.—The October prize for free-for-all trotters today proved a surprise when Ross B, owned by J. H. Richford, defeated Anvil, the heavy favorite, winning the second and thrid heats after losing the first to the favorite.

The 2:12 pace, unfinished Thursday, went six heats. Hydric, which had two heats to his credit yesterday, captured the sixth and decisive heat.

Don Labor, driven by Mr. F. C. Jones, won the 2:08 trot, amateurs driving, in straight heats, and the 2:20 pace, also a straight driving heat contest, went to Grey Scott.

The championship stallion stake was a two-horse race, only Purefast and Tillie Tipton starting. The latter was an easy victor.

A BLESSING IN THE HOME

Good, honest proprietary medicines like Foley Kidney Pills succeed because they are honestly made of pur drugs that can not help but heal and cure kidney and bladder ailments and urinary irregularities. They are a blessing in many homes, and a help that cost little and does much. No others so good as Foley Kidney Pills. Try them.—R. R. Bellamy.

MACKMEN TAKE FOURTH GAME IN WORLD SERIES

(Continued from Page 2.)

SUMMARY:

Two base hits: Barry, 2; Burns. Three base hits: Oldring, Shafer. Home run: Merkle. Hits: off Demaree, 7 in 4 innings; off Marquard, 2 in 4 innings. Sacrifice hit: Strunck. Stolen bases: Collins, Burns, Murray. Left on bases: New York, 4; Philadelphia, 7. First base on balls: off Demaree, 1; off Bender, 1; off Marquard, 2. First base on errors: Philadelphia, 1. Hit by pitched ball: by Bender, (Murray.) Struck out: by Bender, 5; by Marquard, 2. Passed balls: McLean.

Time: 2:00.

Umpires: At plate, Egan; on bases, Klem; left field, Connolly; right field, Rigler.

AT RALEIGH NEXT.

Daughters of Confederacy Conclude Sessions at Tarboro.

(Special Star Telegram.)

Tarboro, N. C., Oct. 10.—The 17th annual convention of the North Carolina Division, United Daughters of the Confederacy, became part of history today with the selection of Raleigh for the 1914 convention. High Point and Wilson also made strong bids for the next meeting but Raleigh won easily on the first ballot. Before adjourning the Daughters completed the $2,000 endowment for the North Carolina room in the Confederate Museum, Richmond, Va., this placing North Carolina as the first State to complete its fund. The Daughters also subscribed $200 to the Carolina and Southern Cross., the official organ of this division. Mrs. Anthony Walker, of Richmond, honored the State president, Mrs. Marshall Williams, and the State recording secretary, Mrs. Thad W. Thrash, by the presentation of each a small flag bearing the Virginia coat of arms. Mrs. John Thorpe, of Rocky Mount, was elected honorary first vice president of the North Carolina division; Mrs. Henry Thorpe, wife of the only living survivor of the Bethel heroes, was honored by the presentation of flowers from the Daughters.

$3.50 Recipe Free, for Weak Men.

Send Name and Address Today—You Can Have It Free and be Strong and Vigorous.

We have in our possession a prescription for nervous debility, lack of vigor, weakened manhood, failing memory and lame back, brought on by excesses, unnatural drains, or the follies of youth, that has cured so many worn and nervous men right in their own homes—without any additional help or medicine—that we think every man who wishes to regain his manly power and virility, quickly and quietly, should have a copy. So we have determined to send a copy of the prescription free of charge, in a plain, ordinary sealed envelope to any man who will write us for it.

This prescription comes from a physician who has made a special study of men, and we are convinced it is the surest-acting combination for the cure of deficient manhood and vigor failure ever put together.

We think we owe it to our fellow men to send them a copy in confidence so that any man anywhere who is weak and discouraged with repeated failures may stop drugging himself with harmful patent medicines, secure what we believe is the quickest acting restorative, upbuilding, SPOT-TOUCHING remedy ever devised, and so cure himself at home quietly and quickly. Just drop us a line like this: Interstate Remedy Co., 4163 Luck Building, Detroit, Mich., and we will send you a copy of this splendid receipe in a plain, ordinary envelope, free of charge. A great many doctors would charge $3.00 to $5.00 for merely writing out a prescription like this—but we send it entirely free.

MADE BY H R Southern Map Company WILMINGTON N. C. TRADE MARK

BLUE-PRINTS

THE MORNING STAR

Published by the WILMINGTON STAR COMPANY, INC., Wilmington, N. C.

Entered as second-class matter at the postoffice at Wilmington, N. C., under Act of Congress, March 2nd, 1874.

FULL ASSOCIATED PRESS REPORT

PUBLISHERS' ANNOUNCEMENT.

THE MORNING STAR, the oldest daily newspaper in North Carolina, is published daily except Monday, at $6 per year, $3 for six months; $1.50 for three months; 50 cents for one month, served by carriers in the city, or by mail.

THE SUNDAY STAR, by mail, one year $1; six months, 50 cents; three months, 25 cents.

ADVERTISING RATES may be had on application, and advertisers may feel assured that through the columns of this paper they may reach all Wilmington, Eastern Carolina and contiguous territory in South Carolina.

Obituary sketches, cards of thanks, communications espousing the cause of a private enterprise or a political candidate and like matter will be charged at the rate of 10 cents per line, to persons carrying a regular account, or, if paid cash in advance, a half rate will be allowed. Announcements of fairs, festivals, balls, hops, picnics, excursions, society meetings, political meetings, etc., will be charged under the same conditions, except so much thereof as may be of news value to readers of the paper, in the discretion of the editors.

TELEPHONES: Business Office, No. 51; Editorial and Local rooms, No. 61. Call either, if the other doesn't answer.

COMMUNICATIONS, unless they contain important news, or discuss briefly and properly subjects of real interest, are not wanted; and, if acceptable in every other way, they will invariably be rejected unless the real name of the author accompanies the same, not necessarily for publication, but as a guarantee of good faith.

ALL DRAFTS, checks, express money orders, and postal money orders, for the paper should be made payable, and all communications should be addressed to, THE WILMINGTON STAR CO.

Saturday, October 11, 1913.

It has been revealed that Charleston has 400 or 500 blind tigers. That indicates that Charleston has a population of about 30,000 or 40,000.

The Chautauqua Circuit doesn't seem to have discovered any way for the country to utilize the ideas expressed by its numerous lecturers.

Some men's luck is so hard that if they would try to escape a storm by taking to the cyclone cellar it would be flooded and drowning would result.

While Senator Overman is on the job in Washington the chance of serious opposition to his re-election grows beautifully less in North Carolina.

Virginia, always laying claim to distinguished men, is boasting of having produced Christy Mathewson. The Richmond Journal claims that he is a Virginian and that he started his career with the Norfolk team.

Senator Tillman has succeeded in having the Congressional Record illustrated with Vance's cow argument on the tariff. Why doesn't some Congressman insist upon the Record's publication of an account of the National baseball series?

North Carolina has been discussing the rate question nearly a year but she has never yet seemed to take in what Virginia has demonstrated by having a rate-basing port at Norfolk. The object lesson is plain but it does not seem to have any effect on the average rate ranter in North Carolina.

The Legislature discriminated against Wilmington and North Carolina's water points. The railroads did so in their compromise proposal and the Legislature joined in by approving the discriminating proposal of the carriers. It is a case of particeps criminis. The General Assembly is an accessory after the fact.

Richmond and Norfolk are agitating the suppression of fortune telling and clairvoyance. That would only increase the business of the grizzled old colored artist who makes money "taking off spells" and doctoring people who have been "conjured." It is astonishing how many "white folks" believe in the power of a Senagambian philosopher.

Previous to sailing for South America a few days ago, Colonel Roosevelt called William Barnes, Jr., a liar. Nobody may believe a word the Colonel says about it, because of the fact that he has heretofore made so many mistakes in picking out men of veracity as liars. For that reason judgment will be suspended on William Barnes, Jr., unless he wishes to enter a plea of nolo contendere.

Captain Richmond Pearson Hobson says Oscar W. Underwood is a tool of Wall Street. The use which President Wilson has made of Underwood would indicate that the Alabama statesman is really the big auger of the administration. Captain Hobson is a candidate for the United States Senate and so is Underwood. That accounts for the Captain's discovery, and we rather fear that it will be of little use to him in his fight. He would have a better showing by depending on his own reputation and ability.

In order to protect "hello girls" Germany has a law making offenders liable to prosecution for "beamptenbeleigigung." That unpronounceable offence is to be impolite, fresh and outrgeously impatient with the 'phone operators. It is a law to enforce common politeness, something that an astonishingly large number of men and women haven't got. While there are many annoyances connected with use of the telephone, none are equal to those which the public inflicts on the sweet-voiced hello girls. When some people use the telephone they act like they never had any respect for the sensibilities of others and had never taken a lesson in ordinary politeness. A great many who are guilty of beamptenbeleigigung were not raised in a barn and that is one reason why they shouldn't act like that. A person may have reason to be annoyed sometimes but it is no reason why he or she should annoy others by having fits and indulging in what that German word means.

Graham Crackers are wholesome. They are nourishing. They are palatable and appetizing. Just ask your grocer for a package of

NATIONAL BISCUIT COMPANY

GRAHAM CRACKERS

and find out how good they are. Give them to the children—they can't get enough of them. Keep a few packages on the pantry shelf for daily use. Always look for the In-er-seal Trade Mark.

10c

VALUE OF WATER RATES.

Columbia is fortunate in being situated at the head of navigation on the Congaree-Santee waterway system. She has a steamboat line which operates three steamers to the port of Georgetown where they touch with the Clyde Line steamships from New York. The consequence is Columbia is getting the benefit of lower freight rates, and naturally that means a benefit for all the territory of which Columbia is the distributing point.

For the information of those sections of North Carolina which chuckle at the thought that they have "stepped on" Wilmington, it can be stated that South Carolina would not think of stepping on the port of Georgetown, let alone its greater port of Charleston, so that there is no likelihood that the Palmetto State's water points will ever have to cry out against any such action as was taken last Thursday by the Legislature of North Carolina.

As to water rates, however, North Carolinians should note the striking differences in freight rates to Columbia by water and rail, as shown in the Columbia State yesterday. For instance, the Hampton Cotton Mills advise that on shipments of starch from Cedar Rapids, Ia., to Columbia, the rate via boat line is 31 1-2 cents; by rail 42 cents. Tallow from Philadelphia by boat, 27 cents; by rail 42 cents. Gum and sizing compounds from Boston by water 30 cents; by rail 46 cents. The approximate saving by Granby landing, it says, is $50 per car. The Southern States Supply Company advise that on a carload of plumbers' earthenware from Trenton, N. J., the actual net saving by the boat line was $96.60. Enamel bath tubs from Pittsburg $49.08 on one car and $52.59 on another. Less than car load shipments of lead pipe from Philadelphia $3.23 on one shipment and $3.08 on another. Further items are given in a statement by the Chamber of Commerce which concludes in the State paper, an appeal to shippers as follows: "Our boat line is one of the biggest factors in the development of Columbia and I trust it will receive a liberal patronage from you."

Water rates seem to speak for themselves, as well as having intelligent Columbia shippers to speak for them with the facts and the figures. The Columbia Chamber of Commerce so appreciates the advantages that Columbia has in being one of the State's water points, that it adopted resolutions, declaring that it is convinced that the maintenance and operation of an adequate boat line from Columbia to the coast is a tremendous factor in the growth and upbuilding of the city and setting out that whereas a local company has recently purchased two additional boats for freight and passengers on the line, that it heartily commends the company and respectfully urges the business men to give the boat line all the patronage possible, thus ensuring the success of an enterprise so essential to the prosperity of Columbia.

It is well for North Carolina to note how water transportation is regarded in a sister State. It is going to do for South Carolina what it has done for Virginia.

COTTON GOODS COMPETITION.

Protection interests have been busily endeavoring to create a scare among New England cotton manufacturers by spreading rumors that British manufacturers would dump great quantities of their goods on the American market because of the cut in the tariff. However, the Philadelphia Record belittles the scare and calls attention to the fact that the price of New England's fine goods is already lower than those of foreign makes, and that while the coarse goods business of New England is dropping off it is because the South is its real competitor in that line. Says the Record:

"Of course, British manufacturers are keenly alive to any increase of trade that may inure to them under the new tariff, but 'dumping' is for the most part a figment of the Protection imagination. In a commercial paper the prices of several varieties of New Bedford and Blackburne, England, cotton products are given, and the American prices are already the lower. These are fine goods; in coarser fabrics the English manufacturer would have a better chance, but much of the manufacture of coarse cottons has already left Fall River and New Bedford and gone South. The Massachusetts mill towns have not suffered from the migration, either."

If the South can manufacture coarse goods to the best advantage, it will soon be demonstrated that fine goods can be made to equal advantage, compared with the manufacturing world in general. Several years ago Southern cotton manufacturers turned their attention to the manufacture of a finer grade of cotton goods. Some of the mills have been turning out products that the manufacturers have not thought proper to have noticed in the papers. We do not know that they object to publicity and certainly they should not do so while New England manufacturers are spending thousands of dollars to advertise their brands. The fact is, more fine goods are being made South than the public generally is aware. Some of the cotton goods brokers North contract for the entire output of Southern mills, but they use their own brands and labels, so the mill doesn't get the credit. Southern manufacturers should have their own brands and build up reputations for their goods. Sooner or later it ought to be regarded as the best when it is made where the cotton grows.

CAN'T DOWN WILMINGTON.

Hats off to the esteemed and valued Raleigh News and Observer for its word of cheer for Wilmington. We hasten to render thanks, and to assure our esteemed contemporary that Wilmington is going to be on the map but never on the mat. The attempt to outlaw the advantage of water rates is like trying to change the law of gravitation or amending the law of supply and demand. Nothing but combines can prevent water rates from controlling the transportation situation, and as unlawful combines cannot expect to last very long at a time, the inevitable will sooner or later assert itself. That is why we view with confidence the ultimate triumph of Wilmington with all its adaptibilities as a natural distributing point. North Carolina needs Wilmington in its business and the time is coming when no section will rejoice at "stepping on" the State's ocean gateway.

The railroads have alienated the affections of Legislature and the two have entered into a combine to throttle the State's water points. They gave Wilmington a black eye, but watch Wilmington sponge off and stay right in the ring. We expect to see a more intelligent North Carolina in the future, and when the State gets wiser it will not join the railroads in preventing North Carolina's possibility of having a rate-basing port. For the present, however, Wilmington will just hustle along on her own hook, and the News and Observer just about sizes it up when it says the result of the freight rate fight is not going to hold Wilmington back. The News and Observer says:

"Congratulations to Wilmington on the opening of its new $300,000 union passenger station, likewise upon the fact that it is going to get a new passenger train over the Seaboard Air Line, likewise again that it will also very probably get a new line of freight steamers from the North. A little thing like failure to get precisely the railroad freight rates desired is not going to keep Wilmington from going ahead."

These kind words of the News and Observer are appreciated in Wilmington, but instead of her failure to get "precisely the railroad rates desired," she did not share the least bit the sectional compromise with the carriers. Of course, things are happening in Wilmington. They are going to keep on happening. Wilmington is going right ahead. Sure!

While North Carolina is bragging about what she is doing she ought to be doing ten times better.

CURRENT COMMENT.

And speaking of crowds, the Western North Carolina fair pulled in 20,000 paid admissions yesterday. We don't belong to the "I told you so" class, but The Citizen has insisted all along that this would be the biggest and best fair ever held at this city.—Asheville Citizen, Oct. 9.

So far as Wilmington alone is concerned, we wouldn't care if she did have a little beer, but the Legislature cannot afford to set such a bad precedent in the matter. If Wilmington is allowed to have saloons soon a lot of other places will demand the same privilege and there is no telling where the thing would end.—Newbern Sun.

The union station in Raleigh is a place where there is a splendid opportunity to do social service work, and it is gratifying to know that the travelers' aid work has already been commenced there. Women and girls traveling alone and having to wait here for trains will gladly welcome the assistance that the travelers' aid will give, for such aid will meet a real need. This feature of the work of the Young Women's Christian Association is greatly to be commended.—Raleigh News and Observer.

"The Just Freight Rate Association knew all the while that the Legislature could not control inter-State rates, and if they fought for reductions at first, why take cold feet and back up the creek now?" inquires the Greenville Reflector. The Reflector has gotten its wires crossed. The Just Freight Rate Association voted to reject the offer of the railroads on reduction. We don't understand that the Just Freight Rate Association has taken cold feet at all. In fact, it has rather seemed to us that through its chief executive, Fred N. Tate, it has been and still is putting up the sort of a fight that one would never expect from an organization that had lost its fighting spirit. In fact, it is in the fight for full and complete justice to the people.—Raleigh News and Observer.

It is distinctly a discredit to an enlightened and civilized city to permit as one of its most prominent features the establishments of clairvoyants and palmists such as have existed in our thoroughfares for many months, and the City Council is to be commended for the ordinance recently passed placing a prohibitive license on this class of frauds. The Ledger-Dispatch of Norfolk has started a crusade on this cult of fakers in that city and suggests that "it might also occur to some of the impressionable people who patronize mind-readers, clairvoyants and fortune tellers to ask how it is possible for them to tell all about the future of other people and know so little of their own." We commend to Norfolk the simple plan adopted by this city of raising the license fee so high that even with the opportunity this class of fakers have for robbing the credulous they cannot afford to pay it.—Richmond Journal.

The Corporation Commissioners have done pretty well since pressure was brought to bear on them. They have been dragged from obscurity into prominence; their place has become prominent by force of circumstances and they have apparently tried to live up to their intensified responsibilities like men. There is a great deal in what Mr. Justice says about the necessity of able-bodied citizens to deal with these railroad gentlemen. We are just now disposed to defend the commission from charges of incompetence and treason; they were in the first place creatures of a system, not its makers; and one which perhaps they could not do much to mend. At the same time, if the need for stronger men to handle this situation is clear to the legislators, considerations of sentiment have no place. The duty of the legislators to North Carolina is several thousand diameters larger than any duty to the private feelings of these commissioners.—Greensboro News.

MAY MOVE STATE SCHOOLS.

White Blind and Colored Deaf and Dumb Institutions to Kinston.

Kinston, N. C., Oct. 10.—Either the State School for the Feeble-minded here will be abolished or its opening postponed indefinitely, it is believed in this city today in circles close in touch with the legislative trend in Raleigh.

A sentiment is known to exist in the capital city against appropriating for the institution in the face of the unfortunate condition of the State treasury. Two State institutions at Raleigh, the white school for the blind and the colored school for the deaf, dumb and blind, may be removed to the site of the feeble-minded school here, its buildings added to and the two institutions operated on the same grounds, which are large enough, it is believed, to accommodate both with ample room. The property at Raleigh would be sold and the proceeds used in the equipping of the institutions in Kinston. The site of the feeble-minded school is of area sufficient to permit the races to be separated without inconvenience or danger of contact.

If the appropriation for the school here is not allowed at the special session now undergoing, its opening will be delayed at least 18 months until the next regular session of the General Assembly. Friends of the local institution today are believed to be exercising their influence with the committeemen in Raleigh to patch up the matter, but no idea can be had as to what will be advocated by them or what weight their efforts will have with the committee. The city of Kinston donated $17,500 for the grounds for the school for the feeble-minded. This money was granted for a specific purpose, and it is held that that city has a direct interest in the matter at hand. The point is advanved that it should not concern the municipality as to the nature of the State's educational activities here, since an institution of one kind will avail as much for the city's commercial improvement and prestige as another. However, it is too early to predict what effect the perplexing issue will have here.

Yesterday 427 hogsheads of tobacco were sent out from Kinston for export. The weed was consigned to New York, Berkeley, Va., and Durham, N. C., and that from the two first named places will be shipped to Liverpool for manufacture and distribution in the foreign markets. It required more than 30 cars to transport the big consignments. A half million pounds of tobacco has been sold here this week, an average of 100,000 a day, and the season's standard of prices has been maintained.

DR. SHAW NO MILITANT.

Will Not Speak at Welcoming Party Given Mrs. Pankhurst.

New York, Oct. 10.—Dr. Anna Howard Shaw, president of the National Woman's Suffrage Association, today cancelled her engagement to speak at the meeting arranged to welcome Mrs. Emmeline Pankhurst, the militant English leader here next week. Dr. Shaw said her unwillingness to speak was due to the fact that while Mrs. Pankhurst had been guaranteed $1,500 and part of the gate receipts, she (Dr. Shaw) had been unable to procure a guarantee of $1,000 for her cause.

"I do not object to Mrs. Pankhurst's receiving any price she can secure for her lecture here," reads a statement Dr. Shaw issue this afternoon, "but I feel strongly that co-operation implies an obligation on both sides. It does not mean that one party shall receive all the benefits while the other party is simply used to further the interests of the party benefitted."

"Upon considering that this meeting is being arranged and financed by a group of business men, I have decided I should not be fulfilling my obligation to our cause in America without recognizing its financial as well as moral interests.

"I shall, therefore, take other means than the meeting in Madison Square Garden, to re-assure the American people that militant methods have never been used and are not advocated in this country."

Southport and to Sea

The steamer Wilmington will make another Delightful Trip to Southport, Fort Caswell and out to Sea, as far as the Black Fish Grounds, on Sunday.

Those who take the trip are advised that there is no need to take a lunch, and they can get a Dollar Meal for 50c. at Miss Kate Stuart's.

The fare for the Round Trip is 50c.; the distance, 75 miles. oc11-1t

THE GREAT EASTERN CAROLINA FAIR

New Bern, October 28, 29, 30 and 31, 1913

BABY'S FACE ONE SORE WITH ECZEMA

Cried for Hours, Could Not Sleep. Resinol Brought Rest and Cure.

Reading, Pa.—"My baby girl had eczema for over six months. It was painful and itching, she could not sleep day or night, she would scratch till blood and water would run down her neck. Then it burned her so she cried for hours at a time. The right side of her face was one sore and scab.

"I got the samples of Resinol Soap and Resinol Ointment on a Saturday morning, and put them on, and put them on again in the afternoon and in the evening before I put her to bed, and she went to sleep and slept till next morning. I thought I was in heaven the first night, and by Monday the eczema was dried up so that all the scabs fell off. Resinol Soap and Ointment cured my baby." (Signed) Mrs. Wm. M. Fletcher, 544 So. 17½ St., Aug. 21, 1912.

If you or any of your little ones are suffering from eczema, rash, tetter, ringworm, or other itching, burning skin eruption, there is only one better proof of the value of Resinol. That is, try it yourself and see! You can get samples free by writing to Dept. 18-M, Resinol, Baltimore, Md. Resinol stops itching instantly. Prescribed by doctors for 18 years, sold by every druggist.

MATRON AT UNION STATION

Travelers' Aid Will be Engaged by North Carolina Sorosis—Similar Work is Done in Other Places.

In line with similar work that is being done in a great many other cities all over the country, the social service committee of North Carolina Sorosis has planned to employ a lady to meet all incoming trains at the union station so as to be of help to any ladies traveling alone who need direction or assistance of any kind.

The committee has in hand the necessary funds to carry on the work for three months and now that the new union station has been opened it is expected that a suitable matron will be engaged within a short time. Last week a matron began similar work at Winston-Salem, working under the auspices of the Y. W. C. A. of that city. She began her work during the fair in that city and she rendered assistance to a great many ladies, old and young, every day. The ladies of that city are highly pleased and encouraged at the way the work has begun there. It is a very important work and the ladies of North Carolina Sorosis are to be commended for undertaking it in this city. The following article with regard to the purpose of the work written by Rev. A. J. Howell, will be of interest in this connection:

"With the opening of the new union station, which, by the way, does not seem to be making an impression on the public mind commensurate with its importance, certain interested ladies have undertaken a work which will doubtless have the approval of all well-meaning citizens. It is in line with the Travelers' Aid Movement, which seeks particularly to render needed assistance to girls and women traveling alone. The ladies will employ a suitable matron to meet the incoming trains, especially at night, so as to be of help to any who may need direction and assistance. This is done in practically all cities of any size, and is the means of a great deal of good. Strange as it may seem, there are very often girls and young women arriving on trains, who become easy victims to persons of evil designs. How frequently this occurs no one ever knows. But that it does happen, and has happened in Wilmington, is well known. I have heard of a girl coming here in answer to an advertisement read in a Northern paper offering instruction in shorthand on some fancifully attractive terms. She found out her mistake when too late. I have heard also of two girls, who were apparently lured here, but who happened to fall into safe hands and were looked after properly. Another was also rescued from a snare, and sent back home. Another was in circumstances which aroused the greatest sympathy of those who knew her. The fact is that cases of young women, innocent or otherwise, traveling alone and in perilous circumstances, occur so often that the Travelers' Aid everywhere finds a great deal to do and much to justify its efforts.

"Sorosis, through its social service committee, has launched the local movement and has provided funds for its continuance for three months. Contributions have come to them from societies and individuals, of different religious denominations — Protestant, Catholic and Jewish—and they want the interest in the work to be as widespread as possible. Sorosis expects ultimately, that the work will be done by the Y. W. C. A., when established here, as it would properly belong to that organization.

"Meantime, the ladies behind the movement wish the subject to appeal to the interest of the citizens of Wilmington, and they invite the help and co-operation of any who would like to have a part in their plans. Mrs. M. L. Stover is president of Sorosis, and Mrs. E. M. Gregg chairman of the social service committee, whose other members are Miss Della Cline, Mrs. J. N. Jacobi, Mrs. Hugh MacRae, Mrs. Chas. N. Evans and Mrs. Herbert McClammy."

THE RECORDER'S COURT.

Ed Douglas, Colored, Given Two Years on County Roads.

Ed Douglas, colored, was given two years on the county roads yesterday by the Recorder for assaulting Mary Herring, colored, with a lamp several weeks ago. The Herring woman was badly burned, and had to go to the hospital for treatment. The case was postponed until she could come into court to testify.

She and her daughter stated that Douglas came to her home, and turned up the wick of a lamp so high that the light threatened to set fire to the house. She tried to turn it down but could not. Douglas went over to the lamp and taking it in his hand hurled it at her. Her hair was set on fire and she was badly burned about the face. Douglas in his own behalf said that the Herring woman rushed on him as he had the lamp in his hand. He denied having hurled it at her.

Walter Guion, colored, was sent to the roads for 30 days for vagrancy. He appealed, and his bond was fixed at $50. Will Hull, a colored boy, was fined $5 and costs for riding a bicycle without a bell. Alex McRae, colored, was fined $5 and costs for a similar offense. Charles Martin, colored, charged with violating the bicycle ordinance, was called and failed to answer. A capias was issued for him.

Emma Wilson, colored, was found not guilty of selling whiskey. Judgment was left open in a case against Hugh Hinton, a young white boy, charged with house breaking. Mr. Ralph Kennedy found him sleeping in his room Thursday night. He has the reputation of being an unruly boy, and the Recorder said that he would wait to see if his father wished to take care of him before deciding what disposition to make of the case.

A case against Sis Baldwin, colored, charged with trespass, was continued until today. A case against George Harris, Fred Mitchell and Augusta Waddell, colored boys, charged with being a nuisance, were also continued until today.

CAPT. PAE STATION MASTER.

Popular A. C. L. Conductor in Charge of New Station.

It is understood that the Atlantic Coast Line has requisitioned one of its most popular passenger conductors to be in charge of the handsome new union station in this city, which was opened Monday. Capt. Thomas J. Pae, it is unofficially announced, is to be station master to succeed Capt. John M. Walker, who has been assigned to other duties in connection with the station in Wilmington. All employes of the station, it is understood, will report to Capt. Pae, who is thoroughly competent and is exceedingly popular with the traveling public. He has been on the Wilmington-Columbia run for some time and while he will be missed from that run, it will be very pleasant for his friends to meet him as station master in the handsomest passenger station on the system.

SECOND COAST DISTURBANCE

Heavy Downpour of Rain—Vessels Off Cape Fear in Distress—Tugs Gone to Their Assistance—Other Notes.

With greatly diminished intensity, the second weather disturbance on the South Atlantic was central yesterday morning off the Carolina coast, whipping up, however, a choppy sea and bringing in on the wake of the first storm no less than three vessels in distress off this immediate coast. The disturbance was accompanied by very heavy rains throughout the Carolinas, the precipitation at Wilmington for the 24 hours ended at 8 o'clock last night having been 2.22 inches, while in the interior some very heavy rainfalls were Lumberton 4.57 inches for the 24 hours ended 8 A. M. yesterday, Florence, S. C., 3.10, Cheraw, S. C., 2.94, and Kingstree, S. C., 1.70 inches.

As predicted by marine men, in the wake of the first storm central off Georgetown, S. C., a few days ago, reports of ships in distress began to come in yesterday, the first being to the effect that the United States revenue cutter Seminole, Capt. Covall commanding, was on her way in with an unknown four-masted schooner picked up, abandoned at sea, while the cutter was cruising on the outside yesterday morning, presumably in search of the launch Winneenah, which Captain G. D. Croom lost off this coast Monday. Later the report came that the schooner in tow was the John Twohy, with cargo of ties from Jacksonville, Fla., to New York, and that she had struck on the Cape Fear bar as she was being brought in. She remained there hard and fast last night, the cutter standing by with a crew of the cutter on board the schooner in hope of saving her. The Twohy is water-logged and nothing has been heard of the crew, though the presumption is that they have been taken off by a passing vessel.

Quickly following the report of the Twohy came news that the four-masted schooner Dorothy Bell, Darien, Ga., to New York, with lumber, had sailed in over the bar in distress, leaking badly and otherwise battered by the storm. She is anchored in the harbor at Southport and has reported to Messrs. Maffitt & Wood, the ship brokers of this city.

The same firm also received calls for assistance early in the afternoon for the schooner Greenleaf Johnson, Capt. Longstreet, which cleared the port October 4th, with cargo of 381,000 feet of lumber from the Buell-Crocker Lumber Co., for New York. The captain reports that Thursday night while running before the gale, he struck on Shallotte river bar and that he had seven feet of water in the vessel's hold. The tug Gladiator, Capt. L. D. Potter, which was in port, immediately steamed to the assistance of the schooner and hoped to reach there some time last night.

The Joel Cook, Capt. Ray, from New York, arrived up from Southport during the day and reported Tuesday the gale the worst she had ever experienced though the vessel escaped without damage. She has cargo of salt for the D. L. Gore Co. The Argonauta immediately steamed back to Southport to be of any assistance possible to the vessels reported in distress.

The following telegram was received last night from Southport:

Southport, N. C., Oct. 10.—The Seminole was advised at sea last night by wireless to look out for an abandoned schooner. Early this morning southwest of Frying Pan she picked up the John Twohy with cargo of cross-ties from Jacksonville to New York water-logged and abandoned. The deck load, main sail and fore sail were gone. The cutter put a crew aboard and towed off; reached Cape Fear bar at 1 o'clock. Pilots offered aid but this was refused. Outside the bar buoy the schooner swung to the westward going aground. She is now fast and in bad condition, likely to break up unless the wind favors. The sea is rough at the bar.

The schooner Dorothy Bell, lumber, Darien, Ga., to New York, sailed in today leaking. She has power to pump and is not in danger.

The schooner Greenleaf Johnson, which sailed from this port Saturday with lumber, is ashore on the bar at Shallotte. Seas are breaking over the vessel.

The power boat yacht Lasata, bound south, is here for harbor.

The following Associated Press telegrams were received last night:

Cutter Ordered to Shallotte.

Washington, Oct. 10.—The revenue cutter Seminole was directed by wireless tonight to hurry to the aid of the schooner Greenleaf Johnson, in distress east of Beaufort, N. C. The crew of the Johnson is still aboard her and she has asked for assistance.

Crew of Twohy Safe.

Norfolk, Va., Oct. 10.—The British steamship Kilnsea, Capt. Husband, from Galveston, Texas, to Hamburg, via Norfolk, landed here today, the master and ten members of the crew of the four-masted schooner John Twohy of Boston, from Jacksonville, Fla., to New York, lumber laden. The Kilnsea discovered the Twohy lying in distress, 60 miles south of Frying Pan shoals, October 7th. A first effort to take the Twohy's crew from the schooner failed and one man from the Kilnsea was barely rescued after being thrown into the sea. The next morning the Twohy's crew were taken aboard the Kilnsea and the schooner abandoned. She is supposed to have sunk. The storm was a severe one. The wind was blowing hurricane velocity when the Kilnsea first discovered the Twohy in distress, Capt Husband commended very highly the heroic work of the two crews from the Kilnsea who labored to save the Twohy's crew and they will be commended to the British admiralty.

SUIT OVER "HONEY DEW."

Walter H. Hildick Company Bring Action Against Local Grocers.

Suit was started in Superior Court here yesterday by the Walter H. Hildick Company, of New York, manufacturers of "Honey Dew" cider, against W. W. Galloway and G. R. Galloway, trading and doing business under the firm name of the Brunswick Grocery Co. It is an action for the recovery of $417.28, alleged to be balance due for goods shipped and delivered to the defendants. While it is not stated in the complaint it is presumed that the goods referred to is "Honey Dew", which was handled quite extensively by local grocers a few months ago. When the cider was placed under the ban by the local authorities the grocers quit dealing in the stuff. The amount originally held against the defendants, according to the complaint, was $703.88, but credits on merchandise returned and cash payments brought the amount down to $417.28. John D. Bellamy & Son appear for the plaintiffs.

CITY RECEIVES $100,000

Amount Borrowed to Complete Sewerage System Placed to Credit of Municipality—Some Checked Out.

The $100,000 recently borrowed by the City Council with which to complete the extensions to the municipal sewerage system has been placed to the credit of the city clerk and treasurer and is now available for work on the sewerage extension. Capt. Thos. D. Meares, the city clerk and treasurer, has already begun to check on the fund, $20,000 of the amount having been drawn for payment of the September bills for construction work.

In addition to the $20,000 a check was drawn yesterday for $2,600 in favor of Mr. Chas. E. Taylor, Jr., who negotiated the loan for the city. Of this amount $2,500 represents the amount the city agreed to pay Mr. Taylor as brokerage and $100 is for attorney fees in passing upon the question of the city's authority to issue notes and for other legal services in connection with the loan. It will be recalled that the proposition of Mr. Taylor was that he would negotiate the loan of $100,000 for one half of one per cent. commission for the five years that the notes are to run. This is $500 a year, or $2,500 for the five years. The rate of interest on the $100,000 is 6 per cent. making the cost of the loan to the city 6 1-2 per cent, which was considered very reasonable in view of the tightness of the money market when the loan was negotiated. The impression prevailed in the public mind that the brokerage was to be collected from year to year rather than be paid all in a lump upon the completion of the transaction. But this was not the agreement entered into by the Council. The agreement was that the brokerage was to be paid upon the delivery of the amount of the loan.

Work on the extensions of the sewerage system is going right ahead now and much progress is being made. In a few months Wilmington will have a completed sewerage system. The city engineer estimates that the system can be completed with $75,000 of the amount borrowed except the laterals for which the $25,000 additional was secured.

RAIN DIDN'T FEAZE CROWDS.

Hundreds Watched Star Bulletins for Baseball Returns Yesterday.

That Wilmingtonians are tremendously interested in the world's series of baseball games was demonstrated yesterday afternoon when hundreds of people stood patiently in a driving rain in front of The Star office for the returns. While these were on hand to get the returns right off the bat, so to speak, other enthusiastic fans who didn't care to brave the elements kept the two 'phones in the office busy answering calls.

The followers of the two clubs were about evenly divided. When "Bill" Struthers, the megaphonist par excellence, would announce a striking play by a favorite the throngs would break into loud applaud. In fact, from the interest taken by the local fans one could easily believe that the game was being played on a local diamond instead of Shibe Park. Many had made out scoreboards, and as soon as the line-up was announced they followed every play, and at the close had a complete history of the game.

The threatening weather of the early afternoon led many to think that the game would possibly be postponed on account of rain. When they learned, however, that the game was on they speedily forgot all about the weather in their enthusiasm. Rain coats and umbrellas were pressed into service and every move was followed from the beginning to end.

The Star's service was speedy and complete. As soon as a player went to the bat it was announced, and when he struck out or made a hit, as the case might be, the fact was known here within a few seconds after it occurred. The returns were received over The Star's Associated Press wire, and immediately announced from the office by Mr. William Struthers.

The weather man promises better weather today, and the people of Wilmington will not be put to so much inconvenience in order to keep up with the game which will be played in New York. As usual the returns will begin to come in at 2 o'clock. All are invited to avail themselves of this opportunity to keep up with the progress of the game from the time it begins until it closes. Those who cannot watch the bulletins can get the latest scores by calling either 51 or 61. Two men will be on duty to answer all calls.

Dredge Libelled Here.

In the United States Court here yesterday Messrs. Davis & Davis, attorneys for the Southern Menhaden Co., owners of the steam tug Frank Perry, Capt. O. D. Burriss, which recently put in here for coal and water, bound from Jacksonville, Fla., to New York, libelled the dredge Erin-go-Braugh, her tackle, apparel, furniture, etc., to satisfy a claim that is presumed to have originated at Jacksonville before the dredge left that port. Deputy Marshal C. O. Knox has taken the dredge in charge and a hearing to parties interested will be held on next Wednesday at 11 A. M., in the United States court room in this city.

Meetings for Seamen.

Mr. Bert Jones, the secretary, announces that Floating Christian Endeavor Society will hold prayer meeting Sunday morning at 10 o'clock at the Champion Compress. Other meetings of the day will be announced at this meeting. The business meeting of the society will be held at the residence of Mr. John McDougall, No. 314 Walnut street, Monday night at 8 o'clock. All members are expected to be present and an invitation to attend is extended to all persons who feel interested in the work among seamen.

BUILDS UP THE THIN AND WEAK.

Samose Makes Thin People Fat, or J. Hicks Bunting Drug Co. Will Return Money.

In Samose are combined flesh-giving food elements that soon produces a steady and noticeable gain in flesh. Taken after meals, Samose mingles with the food, and causes it to be assimilated so that the fat-producing elements are retained in the system, and you will soon get good flesh, steady nerves and a healthy body.

J. Hicks Bunting Drug Co., have seen such remarkable results following the use of Samose that they offer to pay for the treatment if it does not make thin people plump and rosy.

You run no risk whatever in buying Samose; it is a true flesh-forming food and is sold under the guarantee of one of the most reputable business houses in Wilmington to refund the money if it does not give complete satisfaction.

(advertisement.)

CALENDAR FOR CIVIL TERM

Cases Set for Trial at the October Term of Court by the Bar Yesterday Morning—Some of Much Interest.

Differing in this respect from most of the other terms in the past few years, a number of cases of interest and importance have been placed on the calendar for trial at the October term of New Hanover Superior Court, which begins on the 20th and continues for two weeks. The calendar was arranged at a largely attended meeting of the bar yesterday morning.

An action brought by Mr. W. H. Alderman against the City of Wilmington, et al., is one of those on the calendar of more than passing interest. It is an action brought to recover about 100 acres of the Summer Rest property at Wrightsville Sound. The case appears on the calendar for the second day of the term. The property for which suit was entered was deeded to Governor Fowle for the State of North Carolina for a permanent encampment site. It was stipulated in the deed that if the State failed to use the property for a permanent encampment site it was to revert to the city to be used as a public park free and open at all times to the citizens generally. The property was abandoned by the State for the purpose for which it was given and was taken over by the city. The city leased the property to Mr. Pembroke Jones, who now has charge of it. The plaintiff alleges that the property is enclosed by a wire fence and the gate is locked, therefore it is not being put to the uses for which it was given. W. P. Mangum Turner and C. D. Weeks, Esqs., represent the plaintiff.

Another case of interest is that of Mrs. Helene P. LeMassena against Mrs. Elizabeth VanB. Nichols, in which the plaintiff seeks to recover of the defendant the sum of $27,000, which she alleges was advanced to Mrs. Nichols and held in trust by her to be invested in stocks and bonds. The plaintiff alleges that demand was made upon the defendant for the amount, but that it was not returned to her. Answer in the case has not yet been filed by the defendant, whose whereabouts is not known here. The household and kitchen furniture of the plaintiff was seized under warrant of attachment in this case and is being held by the sheriff pending some orders from the court. John D. Bellamy & Son represent the plaintiff and it is understood that J. O. Carr, Esq., will likely represent the defendant when the case comes up for trial.

There are two cases against the Tidewater Power Company and both are of interest. One is brought by Edward Schulken, administrator of the estate of Miss Ethel Bostick. He is suing for $100,000 alleged damages for the death of Miss Bostick, who was killed by being run over by a trolley freight car near Winter Park the past Summer. L. Clayton Grant, Esq., appears for the plaintiff and Thos. W. Davis, Esq., represents the defendant. The other case is brought by Mrs. Martha J. Register and is for damages for the death of her son, who lost his life while working as lineman for the company. Wm. J. Bellamy, Esq., and John D. Bellamy & Son appear for the plaintiff.

There are several other cases of interest on the calendar, but probably not of as much importance. The calendar as arranged follows:

The Calendar.

Monday, Oct. 20th.—D. D. Boylan vs. H. H. Merritt; H. McClammy, Esq., counsel for the plaintiff and John D. Bellamy & Son for the defendant. Ed Gause vs. Annie Sadgwar, admx., et al., Kellum & Loughlin for plaintiff and John D. Bellamy & Son for defendant. J. R. Croom, et al., vs. E. J. Hocutt, guardian, et al., John D. Bellamy & Son for plaintiff and E. K. Bryan, Esq., for the defendant. Sing Lee vs. Emma E. Lee; Geo. L. Peschau, Esq., for the plaintiff. C. F. Southerland, et al., vs. J. W. Mintz, et al.; Ricaud & Jones for plaintiff. T. O. Schodinger vs. J. F. Woolvin; Kenan & Stacy for plaintiff and Robt. Ruark for defendant.

Tuesday, Oct. 21.—A. D. Hewlett vs. City of Wilmington; B. G. Empie and Iredell Meares, Esqs., for plaintiff. Phil G. Kelly Co. vs. N. E. Gallagher; Kenan & Stacy for plaintiff and John D. Bellamy & Son for defendant. J. M. Satchwell vs. H. E. Bonitz; Greer and Greer for plaintiff. W. G. Baldwin, et al., vs. J. A. Rowe; John D. Bellamy & Son for plaintiff. W. H. Alderman vs. City of Wilmington, et al.; W. P. Mangum Turner and C. D. Weeks, Esqs., for plaintiff. Bluethenthal & Bichart vs. L. B. Todd (two cases); Louis Goodman, Esq., for plaintiff. James Ireland vs. Piedmont Lumber Company; J. Felton Head and Kellum & Loughlin for plaintiff and Kenan & Stacy for defendant.

Wednesday, Oct. 22.—S. A. L. Railway vs. S. J. Davis; John D. Bellamy & Son for plaintiff and H. McClammy for defendant. In the matter of the will of J. C. Hankins, Ricaud & Jones for the plaintiff. Kentucky Horse & Mule Co. vs. J. J. Furlong; Kenan & Stacy for plaintiff and Thos. W. Davis for the defendant. John E. Lewis vs. Wilmington Door & Lumber Co.; John D. Bellamy & Son for plaintiff and Robt. Ruark for defendant. Andrew Green vs. Ada Green; W. P. Gafford for plaintiff and C. D. Weeks for defendant. Anderson Stroud vs. H. F. Schulken; John D. Bellamy & Son and H. McClammy for plaintiff.

Thursday, Oct. 23.—Acryle Byrd vs. Walker Taylor; K. C. Sidbury Esq., for plaintiff. Bessie R. Porter vs. Herbert H. Porter; C. D. Weeks, Esq., for plaintiff. Martha J. Register vs. Tidewater Power Company; W. J. Bellamy, Esq., and John D. Bellamy & Son for plaintiff and Thos. W. Davis, Esq., for defendant. Alice P. Carter vs. C. H. Carter; John D. Bellamy & Son for plaintiff and K. C. Sidbury, Esq., for defendant. V. Sidbury vs. Alice P. Carter; C. D. Weeks, Esq., for plaintiff and John D. Bellamy & Son for defendant. Ida Campbell, admx., vs. A. C. L. R. R. Co.; Louis J. Poisson, Esq., for plaintiff.

Friday, Oct. 24.—Acryle Byrd vs. Walker Taylor; K. C. Sidbury, Esq., for plaintiff. American Tie & Timber Company vs. G. T. & W. T. Flynn; John D. Bellamy & Son for plaintiff. Co. vs. Wilmington Stamp & Printing Co.; Kenan & Stacy for plaintiff.

Judge Geo. Rountree, of Wilmington, will preside over the term of court.

PRIZE FOR CHILDREN.

Developers of Carolina Beach Offer School Pupils in Wilmington.

The New Hanover Transit Company, exclusive developers of Carolina Beach, are offering to the school children of Wilmington an opportunity to earn Christmas money on an easy plan.

In a letter to all schools in the city they offer a prize of $5 to some fortunate pupil in each school for the best letter of recommendation of Carolina Beach, the letter not to contain over 150 words.

This company will also give a prize for the best amateur photograph of Carolina Beach taken this Summer. The public is requested to leave their photographs at the company's office, No. 200 Princess street, with their names and addresses written across the back of the same. After the selection the photographs will be returned to their owners in perfect condition.

This is a new and novel plan to ascertain the amount of interest taken this Summer by the thousands who have visited this beautiful Summer resort.

—Mr. D. L. Smith, of Whiteville, was a business visitor in the city yesterday.

Good Luck

always follows the man, woman or child who deposits with this bank. There must be a reason. There is a reason—keep your Savings Account here and watch the result.

SOCIAL & PERSONAL

Mrs. J. K. Council, of Wananish, spent yesterday in the city with friends.

* * *

Mr. and Mrs. D. W. Baldwin, of Whiteville, were visitors in the city yesterday.

* * *

Rev. W. M. Shaw and family have moved from their former home at No. 422 Ann street to No. 218 South Third street.

* * *

Mrs. J. M. Meshaw, who has been visiting Mrs. E. J. Grimsley, Jr., at No. 1010 North Fourth street, returned to her home at Rosindale yesterday afternoon.

* * *

The choir at St. James' Episcopal church will have its rehearsal tonight at 8 o'clock, and all members are requested to attend. The regular time for the rehearsal was last night but it was postponed on account of the absence of the organist, Mr. McHenry McChord, who is in Richmond, Va., at the bedside of his sister who is quite ill.

BOXING MATCH HALTED.

Police Interefred With Arrangements for Near Prize Fight.

The police halted a boxing match that was cheduled to be pulled off in the Junior Order Hall last night and the two or three hundred spectators who had gathered to see the fun were sadly disappointed. The young men who were about to essay the role of prize fighters had a desire to determine the question of which was the best man and this method was decided upon as being the proper one. The crowd had assembled and the young men had exchanged their street clothes for gymnasium suits and were apparently ready for the fray when in stepped Sergeant H. W. Howell and Patrolman J. F. Jordan.

No arrests were made. None was necessary. The appearance of the bluecoats was the signal for the crowd to scatter in all directions and it is related that they lost no time in getting out of the hall. Sergeant Howell is a member of the hall committee of the Junior Order and as soon as he entered the hall he began turning out the lights and making other preparations for closing the building.

The Juniors were in session until 10:50 and Sergeant Howell was present at the meeting. Permission had been granted for the plumbers to hold a meeting in the hall immediately after the Juniors adojurned and Sergeant Howell noticed some 75 men on the outside of the hall as he left the meeting. He had not more than got to the City Hall before a telephone message was received there from Patrolman Jordan stating that a sparring match was about to be pulled off in the hall. Officer Jordan rather suspected that the crowd was too large and the hour too late for a mere meeting of plumbers or any other organization, so he kept a close watch. When one of the crowd sided up to him and remarked that he might take a stroll around the block as nothing was going to happen, he then was certain that something out of the ordinary was about to be pulled off in the hall. A little more investigating and he called headquarters.

These sparring matches have been held from time to time in the southern part of the city, so some of those in the crowd last night told the officers, Sergeant Howell said that if they wanted them in the downtown district they had better select a place other than the Junior Order hall.

Death of Capt. Springs.

Capt. Albert Springs, who was born and reared in Wilmington, died at his home in Georgetown, S. C., last Monday. He was a prominent boat captain, and had lived in Georgetown for many years. He is survived by one sister, Mrs. St. Julian Springs, of Waverly Mills, S. C., and one son who lives in New York. He is pleasantly remembered by many of the older citizens of the city who will regret to learn of his death.

UNIVERSITY DAY.

Programme for Notable Celebration at Chapel Hill—Speakers.

(Special Star Correspondence.)

Chapel Hill, N. C., Oct. 10.—Saturday, October 11th, has been set apart to commemorate the 119th birthday of the University of North Carolina. The programme of the exercises on "University Day," as it is called, has been arranged. The events in their order are as follows:

The classes will form at the Alumni Building at 10:45 under the direction of Chief Marshal Joseph Hyde Pratt, and his assistants. The exercises begin at 11 o'clock in Memorial Hall.

Invocation, Dr. W. R. L. Smith, of the Chapel Hill Baptist church.

University hymn.

Introductory remarks by Acting President Edward K. Graham.

"The University and The State," Gov. Locke Craig.

"The University and the Nation," Dr. Archibald Henderson.

Address, Josephus Daniels, Secretary of the Navy.

In Memoriam, Acting Dean M. H. Stacy.

"Interger Vitae," University Quartette.

Song, "Hail to U. N. C."

Benediction, Rev. Homer Starr, of the Chapel Hill Episcopal church.

"Too Much Johnson," a farcical comedy much similar to the unparalleled success of last season entitled, "What Happened to Jones," is the play which the University Dramatic Company proposes to put on the billboard this season. Fifty candidates for the cast reported for the first tryout, and judging from all appearances the manager has every reason to anticipate a howling success.

The Dialectic Society has initiated 79 new members since the opening of the term. Of these 69 were new students. Members of the Philanthropic Society have been initiated as follows: Former students, 8; new students, 60. The fraternities in the University initiated a total of 51 men on the night of September 15th.

Dr. J. G. deR. Hamilton is joint author with Dr. W. K. Boyd, of Trinity College, of a most excellent syllabus on North Carolina history. It was issued recently by the Seeman Printery. Dr. Hamilton is at the head of the department of history in the University, and an acknowledged authority on North Carolina history. Dr. Boyd is also a great scholar.

Tree and Park Commission.

The Tree and Park Commission, of which Supt. J. J. Blair of the city schools, is chairman, recently appointed by the City Council to take charge of the beautifying of the trees and parks of the city, will have a meeting within a few days to make arrangements for carrying on the work entrusted to ist hands. It had been expected to have a meeting yesterday afternoon but on account of the rain and the absence of several members of the city it was postponed.

..Theatrical..

Monday night the Academy offers its first big Broadway star of the season in the appearance of the distinguished actress, Miss Annie Russell, who, with a strong company, will appear in a big revival of "She Stoops to Conquer." Her company will also likely be the dramatic event of the season and is of such signal importance that Wilmington theatre-goers should greet her with a large and fashionable audience. Seats for Monday night go on sale at 8:30 o'clock this morning at J. Hicks Bunting's drug store.

What Dr. Johnson wrote of the play in the 18th century is true of it today. Of all recent revivals of classic comedies, not excepting Shakespeare, "She Stoops to Conquer" seems to be the best liked by all classes of play-goers. It was used by Annie Russell's Comedy Company for the initial piece of their repertoire and was played by them for nine very profitable weeks. Annie Russell is seen as the quaint and attractive Kate Hardcastle; Oswald Yorke, for years a member of the famous Benson Company of England, as the young Marlowe. Tony Lumpkin will be played by Percival Stevens. Others in the company are Fred Permain, Murray Kinnell, Ffollott Paget, Henrietta Goodwin and 20 others.

"A Girl of the Underworld."

Plays may come and go with all their heralding, but "A Girl of the Underworld" will give you more genuine amusement and satisfaction in one evening's entertainment than any other show playing this class of theatres, according to the press agent. A great big clean, wonderful hit is what "The Girl of the Underworld" is said to be. The title "The Girl of the Underworld" is strong, forceful, and effective; but, there is nothing whatever to offend, to cause a blush of shame to anyone. Its author, Jack Gorman, is proud of the lesson it teaches to the world. Mothers, daughters, and sweethearts can see this play without feeling the slightest remorse, when it comes to the Academy next Tuesday night. Seats will go on sale Monday morning at J. Hicks Bunting's drug store, and the scale will only go to 50 cents, such reduction being made on account of the large number of attractions booked for next week at the Academy.

Big Special at Grand.

"The Water Rat", a great, throbbing two-reel special release, heads today's big programme at the cozy, handsome Grand, and it will indeed be a brilliant star for a rousing week-end bill, and will immensely delight the huge audiences that gather every Saturday at the Grand. This special release, coming direct to the Grand, is one of the most powerful of all from a dramatic standpoint, and, with the scenes laid in romantic England, is a study of fashionable society with a by-play of mysterious crime that quite outdoes the famous "Raffles." It is a thrill from start to finish and a cast of notable players appears in the story, while the scenery is exceptional and is very beautiful.

"The Lonely Princess" is another star photoplay on today's menu and that will prove a winner. It is a tale laid in one of those fanciful countries that Richard Harding Davis likes so to write about, and it is fraught with gallant deeds by hold knights for fair ladies. It is one of the best of the day. There will also be new music and other good features today at the Grand, with the same old price of admission, 5 cents, in vogue.

The Popular Bijou.

The weather couldn't keep the crowds away from the popular Bijou yesterday, in order to behold the most gigantic and most artistic offering ever made. However, the crowds knew that brightness and solid comfort would be found at their favorite amusement spot. It is ever so at the Bijou. It's the home of solid comfort, big shows and small price—5 cents admission all the time.

The climax of the big week will come today with a swell bill, one of the best ever. Included in the great list of films will be "Broncho Billy's Conscience," in which the noted romantic actor, Mr. G. M. Anderson, will appear in the title role. Another great dramatic that is decidedly noteworthy is "The Doll for the Baby." It is something exciting and very touching. The only thing the baby craves in her sickness is a doll, and the sturdy cowboys get it for her at the risk of their lives, and snatch her from the jaws of death.

The greatest comedy film of the day will also be displayed in Edison's "The Desperate Condition of Mr. Boggs," being the mirthful tale of a man who imagines he has every disease known to science.

DEATH OF MRS. LENNON.

Passed Away at Residence of Brother, After Long Illness.

Many friends will be deeply grieved to learn of the death of Mrs. D. D. Lennon, which occurred last night at 6:30 o'clock at the home of her brother, Mr. J. W. Hale, No. 706 Orange street, after an illness of several months. She leaves a husband and little daughter, who will have the tender sympathy of a host of friends in their bereavement.

She was a daughter of Rev. Fred. D. Hale, former pastor of the First Baptist church, but now pastor of a church in Joplin, Mo. Surviving her, besides her father, husband and little daughter, are three brothers: Messrs. J. W. Hale, of this city; Fred. P. Hale, Chicago, Ill.; Hugh Hale, Joplin, Mo., and three sisters: Mrs. C. B. Newcomb, of this city, and Misses Elizabeth and Ruth Hale, of Joplin, Mo.

She was a faithful and devoted member of the First Baptist church. As long as she was able, she took a prominent part in church work. She bore her suffering with rare Christian patience, and faced the end, which she knew must come soon, with a brave and contrite spirit. She was 30 years of age.

The funeral will be held this afternoon at 2 o'clock, from the First Baptist church, conducted by Rev. Dr. J. H. Foster, pastor of the First Baptist church. The interment will be at Masonboro.

No Trace of Lost Yacht.

No trace of the lost yacht Winneenah, which was abandoned by her crew 40 miles northwest of the Cape Fear bar Monday morning, was found yesterday by the revenue cutter Seminole, which went in search of her. Capt. G. D. Croom, the owner, who had just paid $7,000 for the boat, has little hopes of ever recovering it. It is quite likely that she was driven far out to sea, and perhaps wrecked. There is no insurance on the yacht.

Baseball This Afternoon.

This afternoon at Hilton Park a picked team from the City League will play the Wrightsboro team of the Independent League. The batteries for the City League will be Register and Bell; for Wrightsboro, Seitter and Eason. As this will probably be the last game of the season there will no doubt be a large crowd present to witness the contest.

PERSONAL PARAGRAPHS.

—Mr. W. D. Howell, of Rose Hill, was in the city yesterday.

—Mr. I. C. Wright, of Clinton, was a visitor in the city yesterday.

—C. D. Koonce, Esq., of Chadbourn, was in the city yesterday on professional business.

—Jackson Greer, Esq., of Whiteville, was among the visitors to the city yesterday.

—Among the guests registered at The Orton yesterday was Mr. S. Mitchell, of Newberlin.

—Mr. J. W. Mann, of Fayetteville, was among the business visitors in the city yesterday.

—Mr. W. H. McGwigan, of Lake Waccamaw, was a guest at The Orton yesterday.

—Mr. R. C. Sadler, of Whiteville, was in the city yesterday, being a guest at The Orton.

—Mr. John H. Jeffries, of Willard, was a business visitor to the city yesterday.

—Mr. T. A. Croom, city salesman for Swift & Company, has been transferred to Durham, where he will be with the same company in a similar capacity.

—Rev. W. M. Shaw, Sabbath School Missionary for the Wilmington Presbytery, will go to Southport this morning, and tomorrow morning will address the Sabbath School of the Presbyterian church. Tomorrow night at 8 o'clock he will conduct Rally Day exercises at the Presbyterian church.

SANFORD OFFICER RETURNS.

Collects Two-Thirds of the Total Amount of the Reward.

Mr. J. L. Turner, a member of the Sanford police force, who arrested Thos. Dupree, colored, wanted here for murder, in that town Tuesday morning, left yesterday for his home, after spending a few days in Wilmington, whither he came to collect the reward aggregating $150, which had been offered for the capture of the negro. The $100 offered by officials of the Pocomoke factory, where the murder of George Dixon, colored, occurred, was paid over to Mr. Turner without question, but payment of the $50 offered by the County Commissioners is held up, on a technical point.

A member of a train crew has put in a claim for the reward, or a portion of it, contending that it was on information given by him that the arrest was effected by the Sanford officer. The Sanford officer, on the other hand, claims that he received his first information from a negro woman.

With the County Commissioners it is only a question of who is entitled to receive the reward, and as soon as this is established to the satisfaction of the chairman of that body, the amount will be paid. It is understood that it is the purpose of Mr. Turner to bring suit in Lee county against the Commissioners of New Hanover county for the $50, if it is not paid within a reasonable length of time.

DAY OF ATONEMENT.

Holiest Day in Hebrew Calendar Being Celebrated Today.

Yom Kippur, the holiest day in the Hebrew calendar, began last night with the appearance of the first stars and will continue through today until the going down of the sun. Appropriate services were held last night in the Temple of Israel, and this morning at 11 o'clock there will be other exercises at the synagogue which will continue through the remainder of the day. There are many persons of the Hebrew faith in Wilmington, and the services last night were largely attended.

It is the 10th day following Rosh Hashanah, the Jewish New Year, and is a day of penitence and fasting. Before going to the services of the synagogue a bountiful feast is partaken of, and then no more is eaten until the close of the day. The strictly orthodox remain through the entire night in the synagogue while others return to their homes. It is the most universally observed of all the holy days of the Jewish calendar, and is celebrated with appropriate exercises and ceremonials throughout the entire world.

SERIES OF SERMONS.

Rev. J. D. Bundy Will Preach on Second Coming of Christ.

Rev. J. D. Bundy, pastor of Grace Methodist church, announces that beginning tomorrow night and continuing each Sunday night until finished he will preach a series of sermons on "The Second Coming of Christ." The subjects in order are as follows: "Christ is Coming Again." "The Temporal Signs of His Early Coming," "The Spiritual Signs of His Early Coming," "The Jew in Connection With His Coming," "What Will He Do When He Comes?" The public is most cordially invited to hear this long neglected Scriptural theme discussed.

Special Rally Day services of the Sunday School will be held at Grace church tomorrow morning at 9:45 o'clock. All the parents and children of the congregation are urged to attend as there is something interesting in store for them.

GOOD ROADS DAYS.

Committee Named by the Wilmington Chamber of Commerce.

The Chamber of Commerce has received officially a copy of the proclamation issued last week by Governor Craig setting apart November 5th and 6th as good roads days in North Carolina, when it is hoped to do much actual road construction work all over the State. President M. J. Corbett, of the Chamber, yesterday appointed the following committee to take up the question of observing the two days in this county: Messrs. W. D. MacMillan, Jr., M. S. Willard, A. B. Skelding, L. W. Moore and Col. John VanB. Metts.

RAINS IN WILSON.

Farmers Complaining of Wet—Circus Visits City.

(Special Star Correspondence.)

Wilson, N. C., Oct. 10.—The continued heavy rains have disheartened Wilson county farmers and the loss in forage, especially hay, is counting up. Almost every day for the past week the county has received a soaking rain. Cotton is sure of a heavy decrease in yield from last year, running from 30 to 40 per cent. Conservative farmers place the figre at 35 per cent. Some sections of the county will suffer more than others. Corn is good and tobacco is turning out fairly well. Heavy increased acreage in tobacco with the good prices and the advanced prices for cotton will make up for the losses sustained. Leaf tobacco receipts this week have kept up to the record and there is little doubt now that this market will handle 21,000,000 pounds this season, an advance of 4,000,000 pounds over last year.

This is circus day in Wilson and the tobacco warehouses have called off their sales. Merchants are busy, however, with the big crowd of out-of-town people.

LOCAL DOTS.

—A. Sampson, colored, was arrested last night by Patrolman J. S. Lane, charged with violating the prohibition law. He was lodged in the city prison in default of bond.

—A regular meeting of Cape Fear Council No. 374, U. C. T., will be held tonight at 8:15 o'clock. This is the first meeting of the Fall and Winter campaign, and business of importance is to be transacted. A full attendance is urgently requested.

—Jim Brown, colored, slept in the county jail last night, having been arrested early in the night by Deputy Sheriff Reynolds on a warrant sworn out before Justice Harriss by Mr. H. Mack Godwin, charging him with selling intoxicating liquors. He will probably have a hearing before Justice Harriss today.

—Deeds were filed for record yesterday as follows: Louis L. Hanby and wife to Jeannette S. Nathan, for $100 and other considerations, lot 132 feet east of Seventh street and 143 feet north of Orange, 73 1-2 by 76 feet in size; David Horrell and wife to J. D. Sidbury, for $100, 300 acres of land where the Negro Head road crosses the C. F. & Y. V. Railroad tracks, near the plant of the Pittsburgh Lumber Co.

—Lucy Miller, Mary Jane Scott, Martha Wilson, Rose Teachey and James Miller, all colored, were arrested last night by the police, charged with nuisance. Sis Baldwin, a well known colored character about town, was arrested on a similar charge Thursday night. It seems that they all engaged in a general fracas that was annoying to their neighbors. The Recorder will thresh out the matter this morning, and in the meantime the parties are lodged in the city prison.

GAMES POSTPONED.

Basketball Teams of Boys' Brigade Will Have Games Friday Night.

On account of the death of Mr. John Taylor the opening of the basketball season at the Boys' Brigade armory which was to have taken place last night was postponed until next Friday night. In addition to the four strong teams already organized the Tuesday Night Basketball League was organized last night, and will have its first games Tuesday night. The prospects for a most successful year of basketball are bright, and the boys are enthusiastic over the outlook. They are practicing daily, and will be in splendid trim for the opening games Friday night.

FUNERAL OF MR. TAYLOR.

Services from Residence Tomorrow Morning—Interment in Oakdale.

The funeral of Mr. John Taylor, whose death occurred Thursday night at the family home, No. 201 Church street, will be held tomorrow morning at 11 o'clock from the residence. Interment will be in Oakdale cemetery. Mr. Taylor was for 30 years in business in Wilmington, and was one of the best known merchants of the city. On account of feeble health he retired from active business about two years ago. His death came after a lingering illness of several months. He had a large circle of friends, and will be sadly missed.

No Foundation for Report.

Last night it was reported on the streets that the Seaboard train which left here yesterday afternoon at 3:05 o'clock had gone into a washout up the road killing both the engineer and fireman. The train dispatcher at Hamlet, however, reported that the train had gotten in there all right, and that the rumor was unfounded. The rumor doubtless started from a report of the heavy rains which fell here yesterday afternoon, and also at points between here and Hamlet. Many who had friends on the train were quite uneasy until they learned that the report was without basis.

Criminal Operation Charged.

Dr. J. H. Alston, a colored physician, was arrested last night charged with performing a criminal operation upon Georgia Barr, a colored girl living at No. 409 North Tenth street. He gave bond in the sum of $250. Thos. Gause, her paramour, was arrested under a charge of being an accessory and placed in jail. Vivian Webb and Lossie Williams, both colored, were arrested on the same charge but upon investigation were released and recognized as material witnesses. The Barr girl is critically ill, and is not expected to live. The affidavits in the cases mentioned above were sworn out before Justice Harriss by Mr. H. Mack Godwin and served by Deputy Sheriff Reynolds.

EXPERIENCE OF MOTHERHOOD

Advice to Expectant Mothers

The experience of Motherhood is a trying one to most women and marks distinctly an epoch in their lives. Not one woman in a hundred is prepared or understands how to properly care for herself. Of course nearly every woman nowadays has medical treatment at such times, but many approach the experience with an organism unfitted for the trial of strength, and when it is over her system has received a shock from which it is hard to recover. Following right upon this comes the nervous strain of caring for the child, and a distinct change in the mother results.

There is nothing more charming than a happy and healthy mother of children, and indeed child-birth under the right conditions need be no hazard to health or beauty. The unexplainable thing is that, with all the evidence of shattered nerves and broken health resulting from an unprepared condition, and with ample time in which to prepare, women will persist in going blindly to the trial.

Every woman at this time should rely upon Lydia E. Pinkham's Vegetable Compound, a most valuable tonic and invigorator of the female organism.

In many homes once childless there are now children because of the fact that Lydia E. Pinkham's Vegetable Compound makes women normal, healthy and strong.

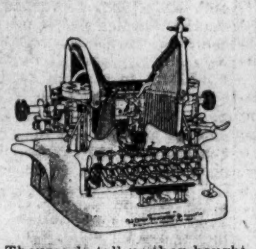

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

Why Not Try the 17c-a-Day Plan?

The beauty of The Oliver Typewriter 17 Cents-a-Day Plan is that it works out satisfactorily for everybody concerned.

This plan ties up a very large sum of the company's money in typewriters sold on time.

But we have an abundance of capital. We are glad to use our resources to bring this great business aid within easy reach of all who have use for typewriters.

Thousands tell us they bought their Oliver Typewriters without noticing the outlay.

Here's the way the Plan works:

You make a small first payment and get the machine at once.

Then save 17 Cents a Day and pay monthly, exactly the same as rent.

When you complete the payments, the typewriter is yours forever. And you pay only the regular list price.

The OLIVER Typewriter

The Standard Visible Writer.

is a salary-raiser, an income-producer, an aid to personal efficiency.

Oliver Typewriters are earning millions of dollars for their operators and owners.

They are helping hosts of ambitious young people to achieve successful business careers.

They are helping the small business to grow big and the big business to grow bigger.

They are trade-builders as well as revenue-producers and efficiency-makers.

The newest and best model Oliver Typewriter is sold on this popular plan. There is no extra charge for the famous PRINTYPE OLIVER—the only typewriter that prints print. Printype is conceded to be the greatest typewriter improvement of the century.

More than 15,000 Local Agents in the United States and Canada are making money selling Oliver Typewriters. This is proof positive of Oliver merit and Oliver popularity.

Write for particulars of the 17-Cents-a-Day Plan. Ask for Specimen of Printype.

COTTON MARKET IRREGULAR

Less Active Yesterday—Recovery in Afternoon—Reported Lock-out in Lancashire Affected Conditions.

New York, Oct. 10.—The cotton market was less active today and fluctuations were irregular enough to suggest that trading was chiefly in the way of evening up commitments for over the approaching holidays.

After a break of nearly a cent a pound a good part of today's trading was supposed to be profit-taking by recent sellers. Some bull support was also encouraged by reports of a better demand from Southern spinners, apprehensions of unfavorable weather in the Southwest and rather a bullish view of the week-end figures, but rallies were not maintained and the close was barely steady net unchanged to three points lower under renewed liquidation or local pressure and labor reports from Manchester. Indifferent Liverpool cables and favorable weather reports from the Eastern belt caused a renewal of yesterday's selling movement during the early trading and after opening at a decline of 2 to 5 points, active months sold about 6 to 10 points net lower. October and December contracts made new low ground for the movement, but a fair demand developed around 12.90 for January and the market steadied up during the middle of the morning. A possibility that a lower temperature for the Southwest might turn to a threat of frost over Sunday and unfavorable crop reports from Texas helped the rally and prices during the middle of the afternoon ruled about 10 to 14 points net higher with January cotton selling at 13.12, or 22 points above the low level of the morning. The buying was mostly in small lots, however, with little or no indication of aggressive bull support and as soon as demand slackened, prices turned easier under realizing by early buyers for a turn or renewed pressure encouraged by reports that a lock-out in the Lancashire mills on October 25th was considered more likely.

Spot cotton, quiet. Middling uplands, 13.10; do. gulf, 13.90; sales, 290.

WEEKLY REVIEW OF COTTON

Generally Unsettled for Period—Better Weather in South—Some Varying Estimates—Spinners' Takings Large.

New York, Oct. 10.—The cotton market has been generally unsettled during the past week with prices selling off nearly $5 per bale from the high records established just before the publication of the last government crop report.

Better weather in the South, a tendency to revise some of the small crop estimates circulating earlier in the month, and an easier turn in the Southern spot markets have been partly responsible for the selling while after an advance of nearly three cents a pound since the middle of last August, there was naturally an accumulated speculative long interest which has doubtless been much reduced on the reaction. Unfavorable trade advices from abroad and continued talk of labor troubles in Lancashire have also encouraged the more bearish average of sentiment, but judging from much of the talk around the ring and the published opinion of many local houses the selling has been more on the expectation of a better buying basis than in the hope of a permanent decline. The tendency toward increased estimates of the crop has been encouraged to some extent by a private estimate of 15,750,000 bales, including linters, and the favorable average of crop news from the Eastern belt.

There have been other estimates, however, ranging from only 12,800,000 to 14,550,000 and there have been little or no improvement in the character of scattering crop reports from west of the river which at the end of the week was threatened with renewed showers and lower temperatures. Southern spot markets have eased off in sympathy with the decline in futures, but bullishly disposed traders claim that offerings of both spots and contracts have been absorbed on a scale down by trade buyers and that the liquidation on the break from 13.83 to 12.90 for January contracts has placed the market in a stronger technical position. Spinners' takings for the week were again largely in excess of last year and so far but little cotton appears to be reaching New York from the South, as the certificated stock here is still but little over the 6,000 bale mark.

WHEAT MARKET STEADY.

Chicago, Oct. 10.—Falling off in receipts at primary terminals gave considerable bouyancy to wheat. Largely in consequence the market closed steady, at a net advance of ⅛@⅜ to ⅜. Corn showed a gain of ⅛ to ⅜@⅝ over last night, and oats a setback of a shade. In provisions, the outcome ranged from unchanged to figures of 12½ decline.

Cash grain:

Wheat—No. 2, red, 93@93¼; No. 2, hard, 86½@87½; No. 1, Northern, 87@87½.

Corn—No. 2, 71@71¼; No. 2, white, 71@71¾; No. 2, yellow, 71½@72.

Oats—No. 2, white, 42@42½; standard, 41¼@41¾.

Wheat—December, 86¾; May, 91¾.

Corn—December, 69⅛@69⅝; May, 71⅝@71½; July, 71½.

Oats—December, 41½; May, 44⅜@44½.

Pork—January, 19.67½; May, 19.80.

Lard—November, 10.62½; January, 10.55; May, 10.75.

Ribs—October, 10.77½; January, 10.40@10.42½; May, 10.55.

COTTON RECEIPTS.

New York, Oct. 10.—The following are the total net receipts of cotton at all ports since September 1st:

Galveston	714,896
New Orleans	103,438
Mobile	72,217
Savannah	469,586
Charleston	141,410
Wilmington	95,894
Norfolk	44,119
Baltimore	9,982
New York	48
Boston	1,002
Newport News	1,652
San Francisco	17,076
Brunswick	75,904
Pensacola	8,153
Jacksonville	4,361
Texas City	61,292
Seattle	5,025
Tacoma	923
Aransas Pass	24,179
Total bales	1,851,159

NEW YORK PRODUCE MARKET.

New York, Oct. 10.—Wheat firm; No. 1 Northern Duluth 96.

Corn—Firm 79 1-4.

Flour—Quiet.

Hides and Petroleum—Steady.

Leather and Rice—Firm.

Wool—Quiet.

Molasses—Steady.

Butter—Weak.

Cheese—Barely steady.

Sugar—Raw easy; refined 10 points lower.

Coffee—Spot firm; Rio No. 7, 10 7-8; Santos No. 4, 13 1-8. Mild—Steady; Cordova 13 to 16 1-4 nominal.

Potatoes—Weak.

Cabbages and Peanuts—Dull and unchanged.

Freights—Steady.

Cotton Seed Oil—Quiet in absence of outside trade. Prices held steady on local professional support and in sympathy with cotton. Closing prices were 1 to 5 points net higher; sales 6,000. Prime crude 5.66 nominal; prime Summer yellow 6.90 to 9.10; prime Winter yellow 7.20; prime Summer white 7.10; October 7.00; November 6.90; December 6.92; January 7.00; February 7.06; March 7.16; April 7.22; May 7.34.

THE DRY GOODS MARKET.

New York Oct. 10.—Cotton goods were quiet today with prices barely steady on gray goods. Amoskeag flannelettes for the cutting trade have been priced at 10 1-2 cents for 1921. 36 inch goods for the Fall season of 1914. Fine carpet mills are restricting production in anticipation of free wool. Yarns were easier.

ADMINISTRATOR'S NOTICE.

Having qualified as administrator of D. Archie Bullock, deceased, late of New Hanover County, North Carolina, this is to notify all persons having claims against the estate of said deceased to exhibit them to the undersigned on or before the 10th day of October, 1914, or this notice will be pleaded in bar of their recovery. All persons indebted to said estate will please make immediate payment.

ERNEST S. BULLUCK,
Administrator.

This 11th day of October, 1913.

STOCK MARKET DEPRESSED

Bear Traders Singled Out New Target for Attack Yesterday—Amalgamated Conspicuously Weak. Bonds Easier.

New York, Oct. 10.—Bear traders singled out a new target for their attack today. In place of Steel or Union Pacific on which selling has been concentrated during the recent decline, Amalgamated was the conspicuously weak stock among the leaders.

Fluctuations again were uncertain, but the movement as a whole was downward. After a slump in the morning which depressed leading stocks 1 to 2 points, the list picked up on short covering, but the advance marked no genuine accession of strength and another decline came before the close. American Telephone securities resumed their decline and the stock fell two points to 1.22 1-8, a new low record since 1908.

Steel made the best showing of any of the leaders, remaining above yesterday's low point. It was not affected unfavorably by the monthly report of unfilled tonnage, although a further falling off was revealed. Owing largely to heavy payments by the banks to the sub-treasury for customs duties in connection with the release of goods held in bond, until the new tariff law became operative, it is probable that another loss in cash will be shown on the week. Forecasts of the banks' statements pointed to a shrinkage of $3,000,000 to $4,000,000.

Liquidation of speculative bonds imparted an easier tone to the bond market. Total sales, par value, $1,270,000. United States 3 coupons advanced 1-4, and the registered 4s 1-8c on call. Total stock sales 318,700, including Amalgamated Copper 45,900; American Tobacco 100; A. C. L. 300; C. & O. 3,000; Lehigh Valley 1,000; L. & N. 800; N. & W. 100; Reading 56,200; S. A. L. 100; do preferred 100; Southern Railway 900; do preferred 100; Tenn. Copper 200; Union Pacific 30,700; U. S. Steel 61,600.

New York, Oct. 10.—The unfilled tonnage of the United States Steel Corporation on September 30th totaled 5,003,785 tons, a decrease of 219,683 tons over August.

BUSINESS IS GOOD.

So Says Bradstreet, Though Not so Good as Week Before.

New York, Oct. 10.—Bradstreet's tomorrow will say:

"Cross currents in trade matters are noticeable. However, distributive trade sentiment is optimistic, the influence of crop money is being felt in agricultural districts, demand for prompt shipment of textiles is a pronounced feature of a scantily supplied market, buying of staple articles is liberal.

"Most reports indicate that trade generally is ahead of last year, when jobbers and manufacturers were enjoying especial activity, collections continued to mend, demand for money for mercantile purpose is good, and car shortages are in prospect.

"Yet, it is probable that trade is a shade less active than last week, this being due to an intermingling of various factors. Changed tariff conditions, believed by many to have been discounted, tend to restrict buying, pending clearer views on price trends and effects of withdrawals from bonded warehouses, and unseasonably warm weather has worked against free distribution.

"Business failures for the week ending October 9th were 314.

Wheat, including flour, exports from the United States and Canada for the week aggregate 6,148,948 bushels against 6,431,281 last year."

Virginias—Prime hand-picked, 75c.; machine-picked, 80c.

SECRETARY HESTER'S REPORT.

Of Cotton Crop—New Orleans Cotton EXCHANGE.

New Orleans, Oct. 10.—Secretary Hester's statement of the world's visible supply of cotton issued today shows the total visible to be 3,093,376, against 2,812,505 last week, and 3,287,147 last year.

Of this the total of American cotton is 2,161,676, against 1,919,505 last week and 2,596,147 last year, and of all other kinds, including Egypt, Brazil, India, etc., 933,000, against 893,000 last week, and 791,000 last year. Of the world's visible supply of cotton there is now afloat and held in Great Britain and continental Europe 1,624,000, against 1,127,000 last year; in Egypt 154,000, against 110,000 last year; in India 410,000, against 398,000 last year, and in the United States 906,000, against 1,752,000 last year.

New Orleans, Oct. 10.—Secretary Hester's weekly New Orleans cotton exchange statement issued today shows for the ten days of October a decrease in the totals under last year of 62,000 and a decrease under the same period year before of 75,000. For the forty days of last year, 130,000.

The amount brought into sight during the past week has been 544,642 bales, against 557,751 for the seven days ending this date last year, and for the ten days of October it has been 790,901, against 852,498.

The movement since September 1st shows receipts at all United States ports, 1,850,645, against 1,742,755 last year. Overland across the Mississippi, Ohio and Potomac rivers to Northern mills and Canada, 35,927, against 28,954 last year. Interior stocks in excess of those held at the close of the close of the commercial year, 218,201, against 224,865 last year. Southern mills' takings, 306,000, against 283,718 last year.

Total movement for the 40 days of the season from September 1st to date 2,410,773, against 2,280,272 last year, 2,467,603 year before last and 1,863,449 the same time in 1910.

Foreign exports for the week have been 201,360, against 238,721 last year, making the total thus far for the season 1,257,119, against 1,110,039 last year.

The total takings of American mills, North, South, and Canada, thus far for the season have been 647,357, against 451,171 last year.

Stocks at the seaboard and the 29 leading Southern interior centers have increased during the week 204,564 bales, against an increase during the corresponding period last season of 203,277 and are now 178,061 smaller than at this date in 1910.

Including stocks left over at ports and interior towns from the last crop and the number of bales brought into sight thus far from the new crop, the supply to date is 2,737,190, against 2,644,985 for the same period last year.

FINANCIAL MARKET.

New York, Oct. 10.—Money on call, firm, at 3@3¾; ruling rate, 3¾; closing bid, 3¾@3¾. Time loans, firm. Sixty days, 5; ninety days, 5½; six months, 5@5¼. Prime mercantile paper, 5¼@6 per cent. UNITED STATES DISTRICT COURT.

Eastern District of North Carolina, at Wilmington.—In Admiralty.

Southern Menhaden Company, owners of the Steam Tug "Frank Perry," against The Dredge "Erin-go-Bragh," her tackle, apparel, furniture, etc., her owners and all persons claiming an interest therein.

In obedience to warrant of seizure to me directed in the above entitled cause, I have seized and taken into my possession the following described property, to wit: The Dredge "Erin-go-Bragh," her tackle, apparel, furniture, etc., for the causes set forth in the libel now pending in the District Court of the United States for the Eastern District of North Carolina, at Wilmington. I hereby give notice to all persons claiming the said described property, or knowing or having anything to say why the same should not be condemned and forfeited and sold, and the proceeds thereof distributed according to the prayer of the libel, that they be and appear before the Court to be held in and for the Eastern District of North Carolina, at Wilmington, United States Court Room, in the City of Wilmington, on the 15th day of October, 1913, at 11:00 A. M., if the same shall be a day of jurisdiction, wherein on the next day of jurisdiction thereafter, then and there, interpose a claim on the same, and to make their allegations in their behalf.

CLAUDIUS DOCKERY,
U. S. Marshal.

WILMINGTON, NORTH CAROLINA

SULZER'S FATE IS WITH HIS JUDGES

(Continued from Page One.)

to sum up for the board of managers, to deliver his address.

No more bitter criticism has been made of the Governor and no kinder words have been said in his behalf than were heard in the court room today. Judge Alton B. Parker, a deliberate constitutional lawyer, who for hours had argued the legal aspects of the case for the board of managers on the day previous, suddenly switched his tactics today and showered the Governor with a fire of investive and accusations of criminal wrongdoing. The Governor, he said, had sought to hide himself behind his wife's skirts.

"Defiance, defence, justification, prevarication, denunuiation of his accusers, attempted to suppress and falsify testimony and efforts to cast the blame elsewhere—each in turn" declared the attorney, "has been stripped from his quaking flesh until he stands now naked before this court without a rag of his attempted vindication clinging to his deformed and mutilated manhood. Every disguise has been torn from his back, from the petticoat in which he trusted for safety to the armor of defiance in which he threatened to attack and expose a political leadership to which we have found him suing for a merciful obliteration of his misdeeds and offering the bribe of submission."

Eulogized Governor.

To Judge D. Cary Herric, chief of the Governor's counsel, fell the task of saying the final word for the accused executive. His remarks stood out in strange contrast to the vitriolic attack of Judge Parker. The Governor was pictured by Herrick as an honest but eccentric man to whom even the thought of committing a crime was a thing apart. The attorney did not seek to excuse the Governor's method of obtaining campaign funds and admitted that Sulzer had low ethical standards, but argued that no criminal intent had been shown and therefore the charges had not been sustained.

"Some members of this court," he said, "have known him for years; known his lack of business habits, and business methods; of his carelessness in money matters; of his overweaning ambition; known of his egotism; known of his proneness to consider those things which are the creatures of his imagination as actual facts, but none of you in the past ever has regarded him as a dishonest man, a perjurer or a thief—and is what these charges come down to."

To a determination to shield his wife the Governor's failure to take the witness stand was attributed by the attorney, who declared also that the same motive prompted Mr. Sulzer when he sought the aid of Charles F. Murphy and William Barnes to stop impeachment proceedings.

"Imagine yourself in his place," he said, "there are some things that a decent man cannot do to save himself, some things a man of even low ethical standards cannot allow to be done, even at a risk of losing a high position and being forever disqualified for political preferment and honors. Which would you do? Run the risk of losing the empty honor of being Governor—empty if held with dishonor, or lose the respect of every decent and honorable man in the whole United States by saving yourself at the expense of the honor and integrity of the one you are bound to love and protect?"

Brackett's Bitter Attack.

But it remained for Attorney Brackett, in closing the case for the board of managers to bring down on the head of the Governor the most severe castigation of the entire trial. The climax of his address was reached when he declared that former Senator Stillwell, now an inmate of Sing Sing prison, who, while he was on trial, was advised by Governor Sulzer to resign and confess, might have learned crime from Sulzer. Brackett's address was filled with Biblical reference and taking for his cue a comparison, made a few days ago by Senator Himan between Governor Sulzer and Saul of Tarsus, he said:

"Can you imagine Paul telephoning to Gabriel that he was the same old 'Saul' and can't you make it more than $7,500'?"

By this he referred to a conversation Governor Sulzer had with Allan Ryan, son of Thomas F. Ryan, a New York financier, in which it was testified Sulzer said: "Tell your father I am the same Old Bill."

Before adjourning court for the over Sunday recess, Presiding Judge Cullen admonished the members "not to discuss the case with any parties nor allow themselves to be approached."

NEW RATES SUSPENDED.

Coal Company Objects to Lowering Charges.

Washington, Oct. 10.—The Inter-State Commerce Commission today suspended a proposed reduction of freight rates by the Louisville & Nashville Railroad, reducing by from 5 to 25 cents a ton the charges on coal shipped from mines on its lines in Virginia to destinations in the North and West. The Black Mountain Coal Company, operating mines in the St. Charles district of Virginia, urged that the proposed reduction was a discrimination against its mines because the reduced rates had not been offered it.

Chicago, Oct. 10.—William F. Hoppe, holder of the world's 18-2 billiard championship, today accepted the challenge of Calvin Demarest, of Chicago, for the title. The match will be played at New York November 17th.

CAROLINA SYNOD ADJOURNS

(Concluded from Page One.)

133.84; to other causes, $7,364.04; total, $50,587.23.

The statistical report showed the total membership of Synod to be 48,253, the number of additions to the church the past year, 4,601 and the total amount contributed to all causes, $729,181.

The moderator announced the following to constitute the ad interim committee for the Synod on the formation of the new Synod: Revs. R. F. Campbell, C. A. Munroe, S. M. Rankin; Elders J. H. McConnell and W. J. Martin. Rev. M. B. Porter, D. D., of Richmond, addressed the Synod in the interest of the American Bible Society. Dr. Porter is superintendent of the South Atlantic States for the society.

Ruling Elders J. M. White, for the session of Rocky River church, presented to the Synod a gavel made of wood taken from the first Presbyterian church erected at that place, the date being 1754 and that church being the first erected west of the Yadkin river.

The business of the Synod having been completed, the docket was declared cleared and the time for adjournment was announced.

The moderator requested the stated clerk to call the roll of Synod and when that had been done, the minutes were read and approved. The devotional service prescribed in the Book of Church Order for the closing of the Synod was conducted by the moderator and the Synod adjourned at 12:30 with prayer and the benediction.

The large-hearted hospitality extended members of Synod by the citizens of Greensboro added much to their pleasure while in the city. Rev. Melton Clark, D. D., is an ideal host and he has left undone no detail that belongs to the host upon an occasion of this kind.

The selections rendered by the Synod quartette composed of Rev. J. G. Garth, Rev. L. R. Yandle, Rev. W. M. Walsh and Rev. J. E. Berryhill, have been thoroughly enjoyed by all who have heard them. Members of the quartette are gifted singers and their selections are of the highest order and they are heard with special pleasure.

No interest that has been presented to the Synod was of greater importance than that of the report of the permanent committee of Sytematic Beneficence, which was submitted by Rev. Neal L. Anderson, D. D., chairman of the committee.

Before action was taken on the report a motion was lost to strike out the third recommendations, and the report as a whole was adopted. The committee noted with gratification the increase in gifts to benevolences during the year of nearly $60,000. While it would be too much to say that this is due altogether to the efforts to put into effect the Assembly's new plan of beneficences, it is a striking fact that such a remarkable increase should attend the attempt to introduce the plan in all the churches of Synod.

Although the reports from the different Presbyterial chairmen are not as complete as it is to be desired, says the committee, the following data will doubtless prove of interest to the Synod:

Orange Presbytery reports that the every-member canvass has been undertaken in 33 churches or 44 per cent. of the churches of the Presbytery—these churches represent 72 per cent. of the membership enrolled in the churches of the Presbytery and contributed the grand total of $80,803 or 98 per cent. of the total gifts of this Presbytery to the cause of beneficence. The total gifts of this Presbytery for these causes have increased by $24,681 as compared with last year, being an average of $10.82 per member. The members of churches using the new plan has increased 50 per cent. during the past year.

In Fayetteville Presbytery only 10 per cent. of the churches have adopted the plan. The Presbytery reports that the gifts to the causes of beneficence have increased more than $9,000 during the year as compared with last year. A conference was held on this cause in August at Red Springs.

Concord Presbytery held a conference at Statesville in November, 1912. Thirty per cent. of the churches, representing 80 per cent. of the membership have adopted the new plan and the total gifts to these causes have increased by nearly $2,000.

In Wilmington Presbytery only two churches had adopted the plan up to the last meeting of Synod. This number is now increased to 11 churches or 20 per cent. of the churches, representing 50 per cent. of the communicants, while there has been an increase in total gifts of more than $30,000.

Mecklenburg Presbytery reports that 21 churches or 36 per cent. of the churches have adopted the plan and nearly $1,000 more than last year has been raised. A conference on evangelism and stewardship was held last November and elders' and deacons' convention is held every year. The Presbyterial committee plans to secure a presentation of the every-member canvass plan to every congregation where it is not in use.

Albemarle Presbytery reports that 29 per cent. of its churches have adopted the plan, representing 65 per cent. of the membership, with an increase in gifts of more than 23 per cent. over last year.

Asheville Presbytery reports 25 per cent. of its churches using the new plan, representing about 50 per cent. of the membership. Conferences with elders and deacons on the every-member canvass plan were held during the sessions of Presbytery. The Presbyterial committee proposes to furnish envelopes free to those churches that do not feel able to purchase them.

Kings Mountain Presbytery reports that 20 per cent. of the churches, representing 50 per cent. of the membership have introduced the new plan.

The report continues:

"As many have feared the effect of the new plan on the special interests of the church, particularly to foreign missions, it should be noted that in those Presbyteries in this Synod where the plan has been most vigorously pushed and most widely adopted, there is marked increase in gifts to other causes and particularly to foreign missions.

"Your committee believes that the facts presented in this Synod alone justify the hope of the advocates of the new plan and that in its universal adoption lies the sclution of most of the financial problems involved in the great cause of beneficence. The problem facing the church is: 'How shall the every-member canvass be introduced into every church?'

"In answering this question your committee would recommend: 1. That elders' and deacons' conventions be held at least annually in every Presbytery, at which special emphasis should be laid on the methods and advantages of the new plan. Where the bounds of the Presbytery cover a wide territory, it is recommended that district conventions be held. 2. That the Presbyterial committee on this subject should be authorized by Presbytery itself to secure wherever practicable a presentation of the new plan in every congregation where it has not been adopted and that, if necessary, the expense of such visitation should be met out of the Presbyterial treasury. 3. That Synod request the Presbyteries to instruct their Home Missionary Committees to notify churches receiving aid from the home mission treasury that after the close of the present ecclesiastical year, they should not expect aid from the Home Missionary Committee until they have adopted and put into effect the new plan for an every-member canvass for beneficence. 4. That Synod urge upon the Presbyteries the vital importance of adopting their tables of apportionment at the Fall instead of the Spring meeting."

The popular meeting held last evening in the interest of Synodical home missions marked the 25th anniversary of this department of work in the Synod. Rev. McG. Shields presided over the meeting and addresses were made by Rev. A. L. King and Rev. J. M. Wells, D. D. The report of the superintendent showed contributions of $10,706 to Synodical home missions the past year. During the past 25 years 15 counties have been entered, 81 churches organized, 115 Sunday Schools formed and there have been 24,043 professions of faith and 12,966 have been added to the Presbyterian church.

FUNERAL NOTICE.

The funeral of Mr. JOHN TAYLOR, whose death occurred at the family home Thursday night at 11:45 o'clock, will be held Sunday morning at 11 o'clock from the residence, No. 201 Church street. Interment will be in Oakdale cemetery. Friends and acquaintances respectfully invited to attend.—Advertisement.

BITS OF HISTORY.

THE CHICAGO FIRE

On October 8, 1871, Mrs. O'Leary's Cow kicked over the lantern and the city of Chicago was during the next two days almost completely burned. Out of the ashes immediately rose a city which, for its age, is the greatest the world has ever seen. The things that made the present city possible were ambition, determination and faith in the future.

Such attributes applied to our daily affairs would make us all independent in a few short years. Nearly every man can earn more than he is earning and can get along on less than he is spending.

On what you save this bank allows 4 per cent Interest, compounded quarterly.
